Building a Competence

In establishing a profitable business, one who understands what his bank can do to help him on his way uses his bank consistently and intelligently.

Opportunities are improved through the everyday use of the service of a financial institution such as this bank.

The First National Bank of Corsicana

Since 1873 "The Old Reliable"
Capital, Surplus and Profits over \$900,000.00

NINE YEARS OF YESTERDAYS

Nine golden years have flitted into eternity since the word was passed along the line: "Cease Firing, the Armistice is Signed."

To those who were participants it seems only yesterday.

To the rest of us the years have brought a deeper spirit of gratitude. Let's prove it.

Armistice Day

SALUTE OF 21 GUNS TO MARK OPENING OF ARMISTICE DAY HERE

PUBLIC MEMORIAL SERVICE
AT IDEAL THEATRE AT 11
A. M.—BUSINESS TO CEASE

All preparations had been completed Thursday for the firing of the twenty-one gun salute on Armistice Day. It will be the first national salute ever fired in Corsicana. A full program of activities has been arranged by various parties to celebrate the ninth anniversary of the signing of the armistice.

The salute will be fired by Battery D, 132 Field Artillery of the Texas National Guard, under the command of Captain John J. Garner and Lieut. Beverly C. Caldwell. Lieut. Caldwell will be in charge of the gun crew. One of the regular field pieces, generally known as a "French 75," will be used for the firing of the salute.

The gun will be placed in Allen Park at the south end of Deaton street and the salute will be fired across the railroad tracks, the twenty-one detonations coming at approximately one-minute intervals, beginning about 10:30. Salutes have been fired by the local artillery before at military funerals but this is the first time that a full salute has been given. The salute of twenty-one guns is known as the presidential salute and is usually reserved for greeting the president of the United States and other functionaries of equal rank.

Immediately after the firing of the salute, there will be a public memorial service at the Ideal Theatre, with Rev. Paul J. Merrill as the principal speaker. Several special musical numbers have been arranged.

A smoker will be held at the American Legion club house at Lake Halbert at noon for the Legionnaires and their guests. In case of bad weather, the smoker will be held at the Armory.

In the afternoon, the Corsicana Tigers will furnish the principal attraction with a football game with the Denton High School team, a contender for honors in this section of the interscholastic league. A variety of entertainments are scheduled for the evening, including dances and parties.

A musical program will be given by the Nerve Club at the Carnegie Library Friday evening with the faculty of the Baylor University School of Music as the visiting artists.

Business will be at a practical standstill Friday, as Corsicana pauses to pay tribute to the heroes and unsung of the World War and give thanks for the period of peace that has existed since 1918. All of the banks will observe a holiday Friday, the postoffice will observe holiday hours, and the majority of the business houses will be closed. The garages and filling stations are posting notices that they will be closed part of the day.

Postoffice Schedule.
Schedule observed at Post Office: Armistice Day.

November 11th being Armistice Day, and due to the general suspension of business on this day the Post Office will observe the following holiday schedule:

All windows will be opened to the public until 11:00 a. m. at which hour they will be closed for the day.

City carriers will make complete delivery and collection (the afternoon delivery being omitted).

All mail will be dispatched as usual and incoming mail will be distributed and boxed as usual.

Rural carriers will serve their routes as scheduled.

Respectfully,
P. MAYER,
Postmaster.

MINERS RETURNING TO WORK COLORADO STRIKE ZONE, SAID

By Associated Press.
Denver, Colo., Nov. 10.—With scores of striking coal miners returning to work, movements were under way in several fields today to effect a wage agreement and definitely end the walkout called by I. W. W. Oct. 18, last.

While arrest of strike leaders the first of this week stopped picketing in the larger fields and enabled many properties to resume on a basis approaching normal. State police and special officers continued to guard jails and patrol districts where I. W. W. activities centered.

The first recognition given by an organized labor unit to the strike came today from the Denver Trades and Labor Assembly. The assembly adopted a resolution proposing 100 representative citizens join in a movement recently started by miners to present their grievances at a mass meeting under the direction of Gov. W. H. Adams.

Renewed efforts also were made to extend circulation of the petition among miners for presentation of the workers' demand for recognition through the State Industrial Commission.

EQUALIZATION FEE OF FARM BILL WAS STUMBLING BLOCK

THREE MAJOR FARM ORGANIZATIONS FAIL AGREE
ON MEASURE FOR ACTION

By Associated Press.
Washington, Nov. 10.—The equalization fee of the McNary-Haugen bill has again proved a stumbling block for an agreement on farm relief between three of the major agricultural organizations and a meeting here today to effect a compromise was adjourned for further consultation.

The meeting was called by the American Farm Bureau Federation, the Farmers' Union, and the National Grange in the hope of reaching a decision as to what type of farm relief measure should be advocated in the next Congress.

It was learned that there was no disagreement between the three organizations as to the carrying out of such agricultural policies as the eradication of bovine tuberculosis, farm education and production processes, but when it came to the question of formulating a comprehensive farm relief program the equalization fee again loomed up to balk their efforts.

The Farm Bureau's representatives had not seen their way clear to go very far toward the equalization fee proposal which the National Grange, which long has favored a devaluation-tariff scheme as not yet reached the point where it can go over to the fee proposal. Representatives of the Farmers' Union were said to have been in a compromising mood and willing to accept any agreement that could be reached.

While the meeting failed to develop any plan for farm relief, it was declared to have broken up with entire good feeling. The representatives of the three organizations expect to consult the organizations separately and then meet again for a renewal of the discussion.

TEXAS BANKERS ASSOCIATION ACTS IN DRASTIC MANNER

By Associated Press.
Dallas, Texas, Nov. 10.—Stirred by yesterday's robbery of the First State Bank of Bangs, in which \$9,000 was taken, the Texas Bankers Association has taken action by which it hopes to stop the growing toll of such robberies with an offer of a standing reward for each robber killed in the act. This reward may reach \$8,000, depending on the response of members, of whom \$5 each was requested by the Association for the purpose.

"Killing a few robbers is the only effective way to stop bank robberies in Texas, in the opinion of officers of the association," said William A. Philpott, Jr., secretary of the organization.

"We want dead bank bandits and no other kind." The reward will be paid for each dead robber until further notice, he said.

"The average bank robber is a coward, and is moved to rob bank because he knows they are unprotected," Philpott said. "If he knows there is a price for his dead body, he will be more cautious, we believe."

More than a dozen Texas banks have been robbed within the last two months of amounts averaging about \$1,400. Records of the association show. Within the last ten days, robberies have been reported on an average of about one every two days.

COTTON DECLINES HEAVILY THURSDAY FOR SECOND DAY

By Associated Press.
New Orleans, Nov. 10.—A further decline of nearly \$3 a bale occurred in the cotton market today under persistent liquidation by the bearish government crop report yesterday.

Following a slight early gain, December sold off from 20.95 to 19.40, January from 20.80 to 19.45, and March 20.20 to 19.60, 51 to 59 points below the previous close.

New York, Nov. 10.—A renewal of selling which developed after publication of yesterday's government crop report was reflected in further declines in the cotton market today.

Prices for all months made new low ground for the movement, active months showing net losses of 50 to 59 points during mid-afternoon.

Fall Is Reported Resting Quietly

Washington, Nov. 10.—Albert Fall was resting comfortably today at his hotel where he is ill, his daughter, Mrs. C. C. Chase said. He is reported late and Mrs. Chase said the former interior secretary had experienced a restless night.

RELIGIOUS CULT LEADER ORDERED OUT HOUSE DAVID

By Associated Press.

St. Joseph, Mich., Nov. 10.—The rule of King Benjamin Purnell over the picturesque religious cult he founded in Benton Harbor a quarter of a century ago, was ordered ended today.

Circuit Judge Louis H. Fead, of Newberry, entered an order in the State's dissolution suit decreeing that a receiver shall take over control of the House of David colony, and that Purnell, whom the State alleged practiced fraud and immorality, must go into exile from his followers. The court ruled he shall be banished from

contact with those he is alleged to have mislead by "complete and permanent removal from the colony grounds."

He may not associate with the girl colonists except under protective conditions.

The court agreed with the State that the colony is a public nuisance because of the teaching and practice of fraud, immorality, perjury and other illegal acts.

The plea of the State for abrupt dissolution of the cult, however, was denied. The court granted the member of the faith permission to continue their community life, carry on their religious teachings and operate their many enterprises under the watchful eye of a receiver.

Many of the members, blameless and faithful, are not prepared to meet the problems of the outside world, Judge Fead decided. To give free outlet to members who may be dissatisfied, and those who claim to have been defrauded

when they were induced to turn their property over by Benjamin Purnell, the decision allows those who wish to stay; those who choose to go to seek recovery. When all claims for fraud and damages are settled, the residue of the property will revert to the colony, which is reputed vast holdings of the cult, which now reposes in Benton Harbor and his consort, Mary, will be transferred to the receiver.

A formal decree carrying out the mandates of the decision is expected to be filed in the State Supreme Court, which will be the next step in the State's long litigation against the cult. It is anticipated the colony will file the ruling.

A formal decree carrying out the mandates of the decision is expected to be filed in the State Supreme Court, which will be the next step in the State's long litigation against the cult. It is anticipated the colony will file the ruling.

When the Benton Harbor grand jury returned the case, the men were held in the county jail here. They were arrested at a Dallas hotel Wednesday and more than \$2,000 was taken from them persons.

TWO MEN CHARGED ROBBERY OF BANK AT OTTO MONDAY

By Associated Press.
Austin, Texas, Oct. 10.—Follow-up on the robbery of the bank of Otto, Texas, Monday, Nov. 10, 1927, was charged with robbery with firearms in connection with the Benton Harbor case, the men were held in the county jail here. They were arrested at a Dallas hotel Wednesday and more than \$2,000 was taken from them persons.

service to our subscribers.

THE REWARD OF THRIFT

Many millions of dollars will be
distributed in the United States from
Christmas savings funds of hun-
dreds of banks to several million
depositors within the next
few weeks. The savings plan in
this country never before reached
such a volume in amount and number
of depositors.

While it is true that much of the
money that will be received from
savings funds will be spent for pur-
chases of various kinds, many of
the more thrifty depositors will al-
low their savings to remain in the
banks and continue to bear interest.
They are looking forward to
larger things than holiday pur-
chases.

Persons who have not tried the
plan of making weekly deposits in
Christmas savings fund should
add themselves with some bank
holding such funds for 1928.
There should be satisfaction in
making payments week by week,
for the thrill will come when a
substantial check is received from
the bank in December 1928.

Not a single dollar of the money
that the people of the United
States have saved, should be per-
mitted to get into the hands of
persons who will not give one
cent's value for a dollar.
It may be possible if persons
use as much judgment in spend-
ing as they have in saving.

ROUTING THE TOURIST

In spite of present opposition,
state and trans-continental
highways will eventually skirt the
major towns and cities. Many
hundreds of population have already
been roads for detouring of
through traffic away from busy
thoroughfares. They have es-
tablished a precedent which will
undoubtedly be followed by other
municipalities and state highway
departments.

Diverting through traffic around
congested districts will relieve
congestion in the cities and towns,
thereby diminishing the possibility
of accident. The dangerous inter-
section is doubly hazardous where
the automobile driver is unac-
quainted with conditions.

Where overnight stops are to be
made or shopping done by the
through traveler the city centers
will be no less accessible than now
when the main highways are
routed around the city over lit-
tle traveled streets. The same
will be true of the motor tourist
who is out to make a "collection"
of "cities seen." The city will be
there for those who want it and
it will discontinue being a night-
mare for the city-shy motorist out
for time.

Whether all want it or not, this
form of diluting city traffic must
come. If any city and town traffic
is to be saved from hopeless en-
tanglement. The parallel highway
will prove one of the most effective
remedial measures in the
treatment of traffic congestion.

The greatest difficulty will not
be in rerouting the highway, but
in keeping congestion creating
madness off the through highways.

FALL FESTIVAL WEEK

November 14 to 19 inclusive will
be Fall Festival Week in Corsi-
cana. An elaborate entertainment
program headed by the Shrine Cir-
cle is now being arranged and will
be announced shortly.

A week of merriment and pleas-
ure is promised by the Corsicana
merchants with many free features.
Thousands of people are ex-
pected to crowd the streets of this
city during the six days. There
will be band music and parades and
the carnival spirit will hold sway.

The old town will be dressed up
in flashing colors and the mer-
chants will especially decorate
the show windows for the occasion.

There will be prizes and bargains
for all and the people will come
for many miles to participate in
the event.

Nothing will be left undone for
the pleasure and entertainment of
the visitors.

It will be a six day holiday en-
tertainment and the people of Cor-
sicana give a cordial invitation to
all residing in the surrounding
territory to come to Corsicana and
enjoy the big event with them.

Corsicana is preparing an en-
tertainment of rare merit and
everybody is invited to the party.

KNOW TEXAS

Texas produced more than 12,
000,000 pounds of butter annu-
ally and the dairying business is
growing rapidly.

A crop of 12,000,000 to 15,000,000
pounds is expected in Texas in the
next few years.

Texas ships to New York every
year more than 7,000,000 pounds
of dressed poultry, and to Chicago
more than 2,000,000 pounds.

The annual value of poultry
products consumed at home and
shipped out of the state is almost
\$7,500,000.

AN OLD PROBLEM

Though highways bewildered
many times, built one upon another
and cleared of pedestrians, parked
automobiles and other obstructions,
could they be counted safe? Never
so long as one driver wishes to
precede another. What need for
traffic tangles in the days when
stage coaches ran sparsely between
New York and Philadelphia? And
yet they did occur, though with no-
body's approval.

One skirmish amid this perverse
antique congestion is described in
the issue of "Ponson's Advertiser"
for February 1927. A coach
having run into another upon the
otherwise deserted highway, seven
passengers were injured—a high
ratio of transit accident, circum-
stances considered. The stage was
"completely dashed to pieces,"
maintained The Advertiser. "That
an example was made which will
have the effect to put an end to
such outrages. It is monstrous
that the lives of passengers should
be put in jeopardy by careless
drivers."

How strangely modern and fa-
miliar that comment sounds. It
might have been written by, and
for today. A century ago traffic
accidents were excused by the fact
that there was so little traffic
drivers were put off their guard.
Increasing congestion has elimi-
nated that excuse while increasing
the danger of accident.

If collisions occurred 100 years
ago when a vehicle did not pass
a half dozen other conveyances in
the course of a day's travel, there
is certainly some excuse for them
under present day traffic condi-
tions. As the volume of traffic in-
creases accidents will increase in
spite of safety first campaigns
and editorial deploring.

EXPOSED

It is the literary fashion nowa-
days to cultivate biography with no
gentle pen. The mode is to present
the subject in its first light, to at-
tack him on his weakest side, and
to display his most intimate vari-
ous for the delectation of the
multitude. The Victorians had their
Strachey, Gladstone his Captain
Wright, Washington his Hughes
and Woodward, and now the in-
dustrious bee has its Miller.

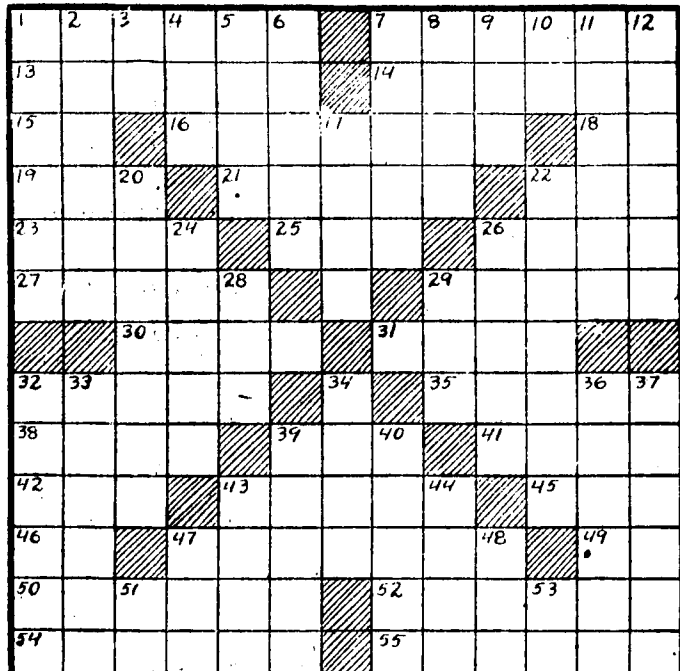

This French scientist has com-
pleted a thorough study of the bee's
life and habits. He has gone at it
in a way to show that the bee is
not all that man has thought him,
and is really no better than he
should be. He is not intelligent,
he has no sense of beauty, he is
not altruistic. In fact, all the finer
qualities that in the past have
been associated with the bee are
alien to his nature.

He is now shown to be a mere
honey-grubbing materialist who
hunt out sugar in an old shoe be-
side the loveliest flower with total
indifference. An artificial flower,
artificially perfumed, in an artifi-
cial night club would be just as
attractive to him as a lily of the
field or the sweetest clover.

All this may be true, but is it
wise to make it generally known?
If the bee is not actually improving
each shining hour, should this
iconoclastic information be broad-
cast? Since time immemorial the
bee has been held up as a model
of industry. If he is robbed of his
character, we shall find ourselves
at a loss for an ideal or a simile,
and many a copy book and school
reader will have to be revised.

It is estimated that within three
months after the arrival of the
millennium somebody will show up
with 50,000 names on a petition
for an amendment to the charter.

COUNTY NEWS

RICE.

Special to the Sun.
Rice, Texas, Nov. 10.—All places
of business will be closed in Rice
Armistice Day, Nov. 11. School
children will be given a holiday
and business will be suspended in
observance of the ninth anniver-
sary of the ending of the World
War.

Mrs. J. M. Bartlett, who has been
ill for several weeks, is improving
nicely.

Mr. and Mrs. M. V. Fitzgerald
and Mrs. J. S. Hall visited in Cor-
sicana Monday afternoon.

Miss Narlaice Bartlett, who is
attending Trinity University at
Waxahatche, spent the week end
here with her parents, Mr. and
Mrs. H. C. Bartlett.

Mrs. B. L. Clark and little son,
Melvin Lynn, are visiting in Daw-
son this week.

Mrs. Jno. Sloan and little daughter,
Joe Ann, are visiting Mrs.
Sloan's parents, Mr. and Mrs. C.
H. Lewis, in Wortham this week.

Mrs. Kester Bradley is on the
sick list this week.

Miss Irene Blount, who is at-
tending North Texas State Teach-
ers' College at Denton, spent the
week end here with her parents,
Mr. and Mrs. T. B. Blount.

Mrs. Winberly Hays and little
son of Dallas spent Sunday here
with relatives.

Miss Adele Young, formerly
teacher in the Rice High School,
who is now teaching in Ferris
spent the week end here with
friends.

Miss Mildred Cave who is at-
tending North Texas State Teach-
ers' College in Denton, spent the
week end here with her parents,
Mr. and Mrs. Luke Cave.

Mr. and Mrs. William Pollan of
Palmer spent Sunday here with
relatives.

Mrs. I. R. Hall of Edinburg has
been ill several days at the home
of Mr. and Mrs. J. S. Hall.

Miss Ruby Hall entertained the
Wednesday Evening Bridge club
at her home this week, setting
three tables in rooms adorned with
a variety of the season's flowers.

After the usual run of games, Mrs.
R. F. Bartlett was found to have
high score and Mrs. John Spencer
low. A most attractive and appetizing
salad and ice course was
served by the hostess during the
social hour, following the games.

Mrs. John Spencer will be hostess
to the club next week.

Mrs. T. W. Neal left Thursday
morning for Austin to visit her
daughter, Miss Prebble Neal, who
works in the attorney general's office.

Mrs. C. R. Hall and little daughter,
June, of Corsicana, visited relatives
here Sunday afternoon.

BLOOMING GROVE.

Special to the Sun.
Bloomington, Texas, Nov. 10.—
Miss Lena Tillman was at home
from T. W. C. Fort Worth, for a
few days last week.

J. W. Brown was transacting
business in Corsicana Monday.

Mrs. Mollie Sullenberger and
daughter, Miss Martha, were guests
of Mrs. W. A. High for the week
end.

Misses Sue Nell Melton and
Jewel Greet were shopping in Cor-
sicana Tuesday.

Rev. and Mrs. B. R. Wagner were
in Corsicana Wednesday.

Mrs. V. D. McCall has returned
to her home in Rogers after a visit
to her daughter, Mrs. H. S.
Whorton.

Mr. and Mrs. Jack Phillips spent
the week end in Dallas.

Rev. E. L. Jones of Carlton has
accepted the pastorate of the First
Baptist church here and will move
here with his family soon.

Guy Haynes spent the weekend
in Waxahatche.

Mmes. J. H. Whorton and H. S.
Whorton were in Hillsboro Satur-
day.

Mr. and Mrs. Curtis Gillen and
baby daughter returned to their
home in Coleman Wednesday.

Mrs. W. L. Pevhouse of Gates-
ville has returned home after a
visit here.

Messes. W. T. Reid, G. W. Corley
and Arthur Crocher motored to
Dallas Sunday for the day.

Mr. and Mrs. Perry Leverett of
Hillsboro spent the week end with
Mr. and Mrs. J. H. Whorton.

Mr. and Mrs. Rufus Pevhouse
were Sunday guests of relatives
here.

Mrs. Jack Franks returned Sat-
urday from a visit to Waco.

Mrs. B. I. Durham spent the
week end in Dallas.

G. H. Brown, the superintendent
of the city school, was in Glen
Rose Friday and Saturday, con-
ducting the Institute for Summer-
ville county.

Messdames J. D. Cushman, P. H.
Woodard and S. M. Woodard were
in Corsicana Wednesday.

The ladies of the Missionary So-
ciety of the Methodist church were
entertained by the Missionary So-
ciety of the First church in an all
day meeting Tuesday. The week
of Prayer program was rendered
jointly by both societies.

Funeral services for Mrs. W. G.
Klenk, aged 73 years, who died at
the I. O. O. F. Old Folks' Home here
Monday morning at 10 o'clock fol-
lowing an illness of several months,
were held Tuesday afternoon at
the First Methodist church at 1:30
o'clock. Interment was made in
the I. O. O. F. lot in Oakwood cem-
etery. The services were conducted
by Rev. F. P. Culver, pastor of the
First Methodist church.

Mrs. Klenk was a native of
Switzerland, but had resided in
America for 54 years. She and her

For November 13, 1927.

Read Hosea 6, 11, 14.

Wm. Southern Jr.

Hosea Preaches God's Love
Hosea 11: 1-4, 8, 9; 14, 1-8
Lesson—Hosea 11:1. When Israel was a child, then I loved him, and called my son out of Egypt.

2. The more the prophets called them, the more they went from them; they sacrificed unto the Baalim, and burned incense to graven images.

3. Yet I taught Ephraim to walk; I took them on my arms; but they knew not that I healed them.

4. I drew them with cords of a man, with bands of love; and I was to them as they that lift up the yoke on their jaws; and I laid down before them.

5. How shall I give thee up, Ephraim? how shall I cast thee off, Israel? how shall I make thee as Admah? how shall I set thee as Zebodim? my heart is turned together.

6. I will not execute the fierceness of mine anger, I will not return to destroy Ephraim; for I am God, and not man; the Holy One in the midst of thee; and I will not come in wrath.

7. I will heal their backsliding; I will love them freely; for mine anger is turned away from him.

8. I will be as the dew unto Israel: he shall blossom as the lily, and cast forth his roots as Lebanon.

9. His branches shall spread, and his beauty shall be as the olive tree, and his smell as Lebanon.

10. They that dwell under his shadow shall return; they shall revive as the grain, and blossom as the vine; the scent thereof shall be as the wine of Lebanon.

11. Ephraim shall say: What have I to do any more with idols? I have answered and will regard him: I am like a green fir-tree; from me is thy fruit found.

Golden Text—I desire goodness, and not sacrifice; and the knowledge of God more than burnt-offerings.—Hosea 6:6.

(Text is from the American Standard Edition of the Revised Bible copyright, 1901, by Thomas Nelson & Sons, and used by permission.)

One of the prophetic books of the Bible was written because of an unfaithful wife. If Gomer, daughter of Diblaim, who lived in Israel in the latter part of the eighth century B. C., had made a home for her husband, Hosea, had been true to him and loved him as he loved her, Hosea would never have thought about becoming a prophet and of giving us a wonderful idea of God's love.

I seem to me that this is a fair conclusion to reach after reading the book of Hosea. There are two opinions about Hosea's love affair and I feel that I am justified in taking this view.

Hosea married Gomer and to them three children were born. Everybody else in the neighborhood but Hosea knew that Gomer was running around with other men. I have an idea that some of his good friends took it upon themselves to tell Hosea about it and got a black eye for their pains. It is not very safe to tell a man that

his wife is no good. Then Gomer ran away and left her husband. Hosea grieved, but he still loved Gomer. He sought for her everywhere and when she had been abandoned by her lovers and had been left in the lowest of days in that degenerate country he found her. His love held. He forgave her and made a home for her. But happiness never came to Hosea again.

His own troubles at home gave Hosea the vision which was able to see the wickedness of his country. Hosea was a patriot, he held to the religion of his people and believed in God. He also had faith that God would take care of his people individually and collectively if the people would just be reasonably decent.

But Israel was not even reasonably decent. God was forgotten, religion was ridiculed. The people were debauched and steeped in crime. One after another the kings were assassinated and finally the nation was destroyed and the people carried away into captivity. Today no man does them honor. When we refer to the Ten Lost Tribes of Israel we mean the same people Hosea tried to save. Hosea failed but he left us in his remarkable book the best analysis of repentance we have. He left us an assurance of God's love which appears nowhere else in the ancient writings until we find it again in the New Testament in the teachings of Jesus. A bad woman gave us that book.

Hosea uses his own sad story to illustrate what he wants to say. He sees his country sunk in wickedness and debauchery and likens her never ceased to love Gomer and never ceased to love Gomer and never again he drew the conclusion that God still loved Israel and was waiting and willing to forgive and save.

Hosea was the first of the old writers to advance the idea that God loved the wicked as well as the good. I have an idea that old Elijah would have snorted indignantly if somebody had told him that the priests of Baal he killed were God's people and that God loved them. Elijah would probably have begged leave to maintain his own view of the matter if somebody had told him while he was running for his life that God loved Jezebel.

In this view of Hosea and his interpretation of God we have a glimpse of the evolution of religion and of our ideas of God. Until the time of Amos, just a little before Hosea, the doctrine that there was but one God was not held even by the Jews. They believed Jehovah was their God but there were plenty of other Gods. Joshua told the people to be "a man or a mouse or a long tailed rat" and choose whatever god they wanted but not to be hypocrites about it. Elijah demanded a choice between Jehovah and Baal, both gods. There were many trials of strength between gods and when a god won

test the people all adopted that god.

It was only another step from the declaration of Amos that there was but one God to the declaration of Hosea that God loved everybody that he was the God of all peoples and helps. If not he is grieved and naturally the conclusion, God loves us even when we are as wicked as possible and wants us to come back to decency. If we do he forgives our dhelaps. If not he is grieved and hurt. But even God can not change his own immutable laws. The old Jewish scholars and prophets had it right. No nation can live and prosper without righteousness, without God. Russia thinks she is going to prove democracy but Russia is due for a surprise. A godless Russia can not survive. Hosea said it to his people, Israel, other prophets have said the same thing and history has confirmed the rightness of their sayings.

While you may follow me and agree when I am talking about nations I am going a step farther. The same great law applies to families and individuals. Hosea drew his parallels from his own unfortunate and unhappy life. We may find the same parallel everywhere. It never pays to be dishonest. Crime never pays. While it is possible to reform the habitual criminal it does not happen as often as I wish it would happen. We have never yet discovered the right method of treating those who offend against decency and against law. We lock them up in jail, segregate the criminals with other criminals and our purpose is more of vengeance than of correction. I do not know what method we should adopt. Hosea adopted one method. The nation of Israel adopted another and was utterly destroyed.

Something of all this is dimly felt by all men. The gambler never refuses to give to relieve suffering. The man who kills will help the dependents of those he has murdered. It is superstition based on restitution, an obligation to luck. Hosea told why this kind of offering was of no effect when he said "I desire goodness, and not sacrifice; and the knowledge of God more than burnt-offerings." You do not get forgiveness when you divide your loot with those more unfortunate.

I sometimes think that men who have become immensely wealthy by questionable means and who endow schools and churches will be greatly surprised when they get to heaven and discover how little credit St. Peter has given them on that account.

These old prophets have told us great truths. Amos tells us there is but one God and that he concerns himself with the affairs of nations and individuals. Hosea that God loves all people even when they break every law he has made and that he is always ready to forgive and start over. They both tell us that even God can not keep a nation from destruction nor a man from going to hell if he is determined to do so.—The Republic Syndicate.

FORMAL CHARGES OF ROBBERY WERE FILED AGAINST TWO MEN

Formal charges of robbery with firearms were filed by Sheriff W. T. Wilson before W. W. Clopton, justice of the peace, precinct No. 1, place 2, late Tuesday afternoon against Dock Potter and C. C. Howe in connection with the alleged participation in the holding up and robbery of the First State Bank of Richland, October 12, when three unmasked bandits entered the bank, held up H. C. Davis, cashier, and H. G. Calame, assistant cashier, scooped up \$3,995 and made their getaway in a Buick roadster alleged to have been stolen from Jack Womack, Jr., at Mexia earlier in the day.

A chase ensued but the bandits later made their escape and went to Oklahoma where a number of hijackings were performed. In one place, a constable was held up and beaten. At another, a man fired a shotgun, severely wounding Roy Hensley, alleged to have been one of the bandits in the deal and is reported to have been identified by persons who saw them in Richland. The Buick automobile was recovered in Oklahoma.

Arrested in Fort Worth. The two accused youths here now were arrested in Fort Worth a day or two ago and were brought to Corsicana Tuesday afternoon about 3 o'clock by Deputy Sheriff Rufus Pevehouse.

Four suspects in the robbery of the First State Bank of Tehuacana last Thursday afternoon when about \$1,600 was secured when four unmasked bandits entered the bank and forced O. D. Halbum, cashier, into the vault and held up a customer of the bank, were taken to Mexia and Groesbeck Tuesday afternoon. Another confederate remained in a four-door sedan and the five made their escape after an exciting chase. They finally drove off the main road into the bottoms of Pin Oak Creek where they attempted to fire their automobile. It was found later that an automobile belonging to a man living near Pearsley was stolen and it was recovered in Fort Worth.

Two women, one almost a full-blood Indian and the other a part

Indian, were arrested in Fort Worth at the same place where the men were arrested and are being held for investigation of the affair. They were taken to Mexia Tuesday afternoon by the officers from Limestone county but were later returned to Navarro county jail by Sheriff W. T. Wilson and Deputy Sheriff Rufus Pevehouse.

Refuse Make Statement.

The two accused youths have refused to make a statement. Specimens were crowded about the police department to look at the accused men in a number of instances stated they had seen them in Corsicana on a number of occasions. Both admit that they have been in Corsicana.

Roy Hensley, the man wounded in Oklahoma, is not to be brought to Corsicana at this time as he is facing a number of charges of hijacking in Oklahoma.

Tom Hickman, Texas Ranger Captain, and Sgt. Gonzualos, Texas Ranger, both officers for years, also were given the once over by scores of interested sight-seers who thronged and milled about the city police office while the men were being finger-printed by Desk Sergeant Roy Vinson. Later the two accused men were taken, handcuffed together, to a photographer's office where photographs were taken of them.

They were also followed by hundreds to a barber shop where they

Good Health Keeps a Man Young!

Marshall, Texas.—"I have taken Dr. Pierce's Golden Medical Discovery off and on and I can say it is what it is claimed to be—a good blood enricher and tonic and I found it a splendid stomach-ach medicine."

"I have known about Dr. Pierce's remedies for years and I know they are all good."—W. M. Elder, 404 W. 1st St. All dealers. Tablets or liquid.

were shaved. Boys, middle-aged men and old men, vied with the other to get a glimpse of the prisoners and the famous officers. City Marshal A. R. Mace, a huge man, also was in Corsicana Wednesday. The Rangers were almost as much of a curiosity to the spectators as the two accused men.

Gonzualos and Hickman and probably a number of local officers "went South" late Wednesday afternoon. It is presumed that they will go to Mexia and Groesbeck in connection with the work and investigation of the Tehuacana case.

It was stated that one of the men arrested Sunday in Fort Worth implicated the others.

Women Are Questioned.

Two women held in the case were taken to the city jail Wednesday afternoon where they also were investigated by the officers. They gave their names as Madge Nichols and Myrtle Tracy.

Grady Calame, assistant cashier of the Richland bank, viewed the two accused men Wednesday morning at the county jail but it was not reported whether he identified the two as being in the trio which held up that bank.

Sheriff W. T. Woods, County Attorney L. J. Woods, Police Chief Will S. Knight and a number of deputy sheriffs and city police were present during the afternoon session of investigation, finger-printing, interviewing and other matters.

NEW STORIES OF DISTRESS COMING IN FROM VERMONT

By Associated Press. Boston, Nov. 8.—New stories of distress came from Northern Vermont today with additions to the ever-growing list of fatalities from last week's flood which has claimed more than 140 victims.

From Newport, Vermont, near the Canadian line came the latest tale of suffering when a party of four men tramped miles over torn roads and swaying bridges to Burlington to tell of a town that was face to face with starvation.

They brought the intelligence that at least three men had perished there with the possibility many more might have been claim-

ed in the sudden rise of the Black River.

New Hampshire, taking calmer stock of its losses than was possible in the first few days following the storm, found them not as great as had been thought.

Connecticut, which had been apprehensive that the vast volume of water rolling down the river of the same name, might do heavy damage rejoiced at the decline of the flood crest.

Springfield, Mass., was also comforted by the same continued fall of the Connecticut City inspectors were making a severe examination of all flooded houses before allowing their re-occupation.

Vermont Suffers Most

In Vermont, however, the full blow of the storm fell, and their situation persisted today that of officials and others, while praising the attitude of their relief efforts, did not attempt to minimize the damage.

The four men who reached Burlington from Newport said that town was staring starvation in the face.

Flood waters were still rising drinking water was being obtained from one small pipe that was carried across a cracked and tottering bridge and food was hard to be had at any price.

Practically every house along the river bank was under water and many had been toppled into the stream. The yeast supply had gone, there was no meat and little fuel. The live stock perished almost to a head; eggs were nonexistent.

The men said they had lived on nothing but corn flakes and milk for four days.

Other stories of acute suffering and immediate need came from the Winoski valley where 86 persons are known to have perished.

Snow Adds to Difficulties

Snow added the difficulties of relief by making the roads more treacherous for relief trains.

Bolton and Waterbury, Winoski valley towns, saw extraordinary precautions to prevent the spread of disease and conserve food.

At Waterbury a detachment of the third Cavalry took charge and a drastic order was issued making all meals in the town church compulsory. No eating in private homes is allowed. Food is issued

only to those having official tickets.

Steel cables were stretched across the Winoski and Little rivers to send food and clothing to the needy in the outlying districts.

Major General Preston Brown, who made a first hand survey of the devastated territory, asserted the losses would run into unestimable millions.

Mrs. Cunningham said that the slogans coming in show "an amazing similarity of feeling." She referred to some reported shortcomings of the present national administration and added: "Reading them (the slogans) as they come pouring in from all sections, I feel as if I were listed to a real cry rising in chorus from the hearts of the people calling for honesty, decency and sincerity in public service."

TEXAS WOMEN ARE RATHER CAUSTIC IN THEIR COMMENTS

By Associated Press.

Austin, Texas, Nov. 9.—Sardonic praise for the postoffice department's "zeal" in stopping the woman's national democratic club from conducting an alleged lottery in the club's attempt to obtain 1928 party slogans is the answer of the women, at least of those from Texas, it was revealed here in a communication to friends from Mrs. Minnie Fisher Cunningham of Galveston, candidate for United States senator to succeed Earle B. Mayfield of Austin.

Mrs. Cunningham, secretary of the organization and chairman of the slogan contest committee is in Washington.

"I was absent from Washington," she said, "when my name and picture began appearing in newspaper stories about the club's alleged infringement of the lottery laws and I would like to say that if a body wanted publicity that would be a better way to get it than even your jewels stolen."

The administration should be congratulated on the zeal and enthusiasm with which the lottery laws are being enforced. Laws in connection with the enforcement of prohibition, the leasing oil reserves, or the letting of contracts for government hospitals might not receive such serious consideration but so earnestly and effectively does the postoffice department do its duty in the matter of postal regulations concerning lotteries, that it might be recommended to the administration as an issue upon

which to appeal to the public in 1928.

"We feel that we have done a real service to the country in bringing this matter to public notice and actual defining what is considered against the law by a republican administration. There have been times in the last seven years when the people might have been justified in gathering the impression that almost nothing was."

Mrs. Cunningham said that the slogans coming in show "an amazing similarity of feeling." She referred to some reported shortcomings of the present national administration and added: "Reading them (the slogans) as they come pouring in from all sections, I feel as if I were listed to a real cry rising in chorus from the hearts of the people calling for honesty, decency and sincerity in public service."

BODY OF SEAMAN OF TEMPLE, TEXAS, RECOVERED CHINA

By Associated Press.

Washington, Nov. 10.—The body of Albert Roy Temple, seaman aboard the U. S. S. El Cano, who was last overboard at Hankow, China, was uncovered Monday, the Navy Department was informed today.

Temple fell overboard on November 3. His mother, Mrs. W. J. Temple, lives at Temple, Texas.

Card of Thanks
We wish to take this means of thanking our friends for their acts of kindness, words of sympathy, and the many beautiful floral offerings during the illness and death of our father, W. J. Weeks of Corbet. We wish to thank particularly Rev. Paul J. Merrill and the singers at the funeral.

Sincerely,
Fred Weeks, Arthur Weeks, Mrs. Maggie Dubose, Mrs. Hallie Moore, Mrs. Mary Bayless.

You Can Get It In Corsicana.

Rabbi Wolfe Macht Speaks Here Sunday

Rabbi Wolfe Macht of Waco will deliver a lecture at Temple Beth-El Sunday evening at 8 o'clock, according to an announcement

made Thursday by Sam D. Brooks, president of the temple. The visit, or comes as a special representative of the Union Hebrew College. He spoke in Corsicana several weeks ago.

Regular services will be held at Temple Beth-El at 7:30 Friday.

Unique Acrobats With Coming Circus

Large and Morgner, know the grounds. These two young men, who world over as "the two men with but two feet," will be one of the feature novelty acts at the Navarro County Shrine Club Circus, which will hold forth from November 14 to 16 at the Baseball Park Show.

JOHN H. POWERS, NEW YORK, GUEST OF CORSICANA SUN

John H. Powers of New York, national advertising representative of the Corsicana Daily Sun, was a visitor in the city Tuesday as the guest of the Sun management. At the noon hour Mr. Powers attended the Lions club meeting.

The State to get in personal touch with local conditions. This is his first trip to Texas. An automobile ride over the city and a tour of the great Corsicana-Powell oil field was included in the afternoon program for Mr. Powers. A view of the city and oil field from the air was also given. ESTIMATE COTTON CROP INCREASED BY FEDERAL BUREAU

AMOUNT GINNED, HOWEVER,
BELOW TEN MILLION BALES
TO NOVEMBER 1

By Associated Press. New York, Nov. 9.—Cotton prices broke \$1 to \$6 a bale on the New York Cotton Exchange today following publication of the department of agriculture crop estimate showing an indicated crop of 12,842,000 an increase of 154,000 over the October estimate.

By Associated Press. New Orleans, Nov. 9.—The cotton market here today broke 125 to 130 points, following the publication of the government crop report showing indicated yield of 12,842,000 bales and total ginnings to November 1 of 9,925,725 bales.

Soon after trading was resumed following publication of the report December sold off from 21.15 to 19.95, January from 21.22 to 19.90 and May 21.30 to 20.05, 125 to 130 points or approximately \$6.50 a bale down.

In the late afternoon trading prices experienced a further decline and December options sold off to 19.84 and January 19.81, 135 to 140 points or \$2.75 to \$4 a bale below the highs. At the close the market rallied 20 points on short coverings.

By Associated Press. Washington, Nov. 9.—A cotton crop of 12,842,000 equivalent 500 pound bales this year is indicated by reports to the department of agriculture as of November 1.

A month ago a crop of 12,678,000 bales was indicated with a yield of 149.3 pounds per acre. Last year's crop totaled 17,977,374 bales with a yield of 182.6 pounds per acre.

Upon the 10,625,000 acres for harvest this year, as preliminarily estimated, the indicated production would approximate a yield of 151.2 pounds of lint cotton per acre.

The yield per acre and the indicated total crop by states:

Virginia, 320 pounds per acre and total production 34,000 bales.
North Carolina, 226 and 845,000.
South Carolina, 144 and 730,000.
Georgia, 153 and 1,110,000.
Florida, 121 and 17,000.
Missouri, 183 and 110,000.
Tennessee, 179 and 350,000.
Alabama, 175 and 1,180,000.
Mississippi, 197 and 1,330,000.
Louisiana, 161 and 525,000.
Texas, 126 and 4,300,000.
Oklahoma, 137 and 1,050,000.
Arkansas, 151 and 1,000,000.
New Mexico, 336 and 71,000.
Arizona, 303 and 88,000.
California, 350 and 93,000.
All others, 187 and 9,000.
Production in Lower California, Old Mexico, is 60,000 bales.

Ginning Report To November 1st

By Associated Press. Washington, Nov. 9.—Cotton of this year's crop ginned prior to November 1, totaled 9,925,725 running bales, counting 343,689 round bales as half bales and excluding linters, compared with 11,253,873 bales, including 358,327 round bales, to that date last year, and 11,207,197 bales, including 184,706 round bales, to November 1 in 1925, the census bureau announced today.

The ginnings to November 1, by states follow:

Alabama	1,086,088
Arizona	39,166
Arkansas	669,312
California	33,718
Florida	16,551
Georgia	409,257
Louisiana	476,429
Mississippi	1,112,557
Missouri	44,109
New Mexico	38,451
North Carolina	552,728
Oklahoma	526,552
South Carolina	226,116
Tennessee	339,592
Texas	9,919
Virginia	2,310
All Other States	2,310

GOOD ROADS BONDS VOTED THREE TO ONE IN PURDON DISTRICT

The road bond election held Monday in Road District No. 2, carried about three to one the vote standing 150 for and 50 against. This means that bonds in the sum of \$135,000 will be issued for the purpose of building a system of hard surfaced highways in the Purdon vicinity which will connect with the two and a half million road program of Consolidated Road District No. 1.

Those interested in the election state the carrying of the bonds practically assures the Bankhead Highway for Navarro county. It was pointed out that the people of the Dawson vicinity are greatly interested in good roads and that an election is expected to be held in that district at an early date.

Other road districts in the county are also expected to vote road bonds in the near future.

The Navarro county commissioner's court will likely canvass the returns on the election at the regular meeting of that body next Monday and preliminary details and work will probably start within the next few weeks relative to the first steps of the issuance of the bonds. Those in close touch with the situation are hopeful that active work can be started in a few months.

FOURTH QUARTERLY CONFERENCE HELD FIRST METHODIST

REPORTS MADE FOR YEAR
AND BOARD OF STEWARDS
ARE ELECTED

There were two important business meetings held at the First Methodist church Tuesday night the stewards meeting followed by the Fourth Quarterly Conference. The Fourth Quarterly Conference is the last business meeting of the year of the church and is considered the most important meeting.

The Board of Stewards meeting was presided over by R. J. Jackson, chairman of the board, and after calling the roll by W. E. Slaughter, secretary, and a financial report by W. J. Rochelle, treasurer, the meeting adjourned to meet again on Friday night at 7:30 in the same location.

The Fourth Quarterly Conference was presided over by Rev. A. W. Hall, presiding elder, and consisted of a number of motions, reports and election of various officers for the new year, which starts after Conference that meets in Fort Worth next week.

A motion was made and carried unanimously that Rev. Mr. Hall, presiding elder, be instructed to ask the return to the Corsicana church of Rev. F. P. Culver. Another motion was made and carried that the secretary write the bishop and request the return to this district of Rev. Mr. Hall, and a vote of thanks was tendered R. J. Jackson, chairman of the board, for his work on the board.

Edgar Metcalf was elected secretary of the Conference. A. N. Justus was elected recording steward; W. W. Gage was elected district steward; F. P. McElwath was reelected general superintendent of the Sunday School; Boyce Martin, assistant superintendent; S. J. Jackson was elected district lay leader. The following were elected members of the Board of Religious Education: F. P. McElwath, E. E. Babers, J. L. Halbert, Mrs. Geo. T. Jester and Mrs. F. P. Culver.

Upon motion of W. A. Tarver the annual report as submitted by the pastor, Rev. Mr. Culver, was ordered published in the Daily Sun. Report on the church was made by Rev. Mr. Culver; Sunday School by Rev. Joe Patterson; Woman's Missionary Society by Mrs. Ed McGee; church membership by Miss Lucille Parrish, church secretary.

Board of Stewards for the new year were elected, the members having been nominated by the pastor as follows:

C. C. Albritton, Geo. W. Boyd, E. E. Babers, H. B. Burdick, J. H. Burton, S. W. Burdine, R. A. Caldwell, Dr. W. W. Carter, Clyde Foster, J. B. Fortson, W. W. Gage, B. Harwell, A. E. Haslam, R. L. Houston, W. L. Holman, W. M. Huff, W. M. Huggins, J. L. Jackson, R. J. Jackson, S. J. Jackson, A. N. Justus, H. B. Love, F. P. McElwath, K. McKeown, Boyce Martin, H. E. Metcalf, R. B. Mitchell, J. S. Murchison, Frank Neville, J. T. Newsom, W. J. Rochelle, J. N. Royall, W. J. Seelig, W. E. Slaughter, Dr. O. L. Smith, C. R. Stealy, H. R. Stroube, Ralph Tatum, W. A. Tarver, A. L. Thompson, T. J. Walton, Elbert Williams, E. G. Swittenburg.

Following business of the session short talks of appreciation for the work done in the church and Sunday School and the co-operation given by its members were made by Rev. Mr. Hall and Rev. Mr. Culver.

The following were elected trustees for the new year:

S. W. Burdine, George E. Jester, H. B. Davis, L. Treadwell, B. L. Davis, H. E. Metcalf, J. L. Halbert, W. F. Love, Liston Tatum.

A report was made for the trustees by J. L. Halbert, chairman of this board.

Following is the report of the pastor:

To the Presiding Elder and members of the Quarterly Conference of First Church, Corsicana, I here submit my fourth quarter's report.

I think it fitting, in the last report of the Conference year, to give you a brief review of the work of the whole year. While it is far from what it should have been, yet I think we can find in it some cause for cheer and gratitude.

There was undertaken in July a Daily Vacation Bible School with an enrollment of 157 pupils. In this school was taught the Bible, handicraft and play.

There was organized two standard Training Schools and two Junior Schools, which together with some correspondence work, issued to members of our Church 117 credits.

The faculty of the last Standard Training School was made up by those directly connected with this church except one, which could not be duplicated by any other church in the Conference.

We have participated in one Leadership Training School for boys and girls. And one Boy's Club with 39 members has been organized and successfully run. Boys' Summer Camps have been put on. One main camp for a week at Mr. F. P. McElwath's Summer Home on the coast.

A flourishing Home and Parent-Teacher Work organization has been set up and is holding monthly meetings.

A Mission Study Course was put on and continued for six weeks with an average attendance of 50.

We participated in establishing and raising funds for a Negro Community Center.

A series of entertainments for the Young People have been put on and in some instances have been largely attended and very much enjoyed.

A dramatic Club has been organized among the young people and it is now putting on some splendid

LOOK MEN SUITS

1/2 price

These Suits are odd lots of discontinued numbers from the previous season.

They are Blue Serges and Fancy Worsteds in sizes from.

33 to 46. This is your chance to get a good suit at a very small cost.

MARKS BROS.

plays. The last play given was to a crowded house.

One of the fine things of the year is the Men's Club or Brotherhood whose monthly gatherings have been largely attended and some of its programs as good as have ever been heard in the city, so many have said.

One Epworth League Institute has been held, which issued 14 credits to Leaguers. Five Leaguers were sent to the League Summer Assembly held at Texas Woman's College in July.

One drive for the Mission Special was put over which netted to the cause of Missions approximately \$1200.

A collection for the Methodist Orphanage was taken which amounted to about \$750.

An effort for the sacred cause of the Superannuated Endowment brought \$1555.

An evangelistic Campaign was put on in the church just before Easter lasting two weeks. While it was by no means what we had hoped and planned yet much good was done. A Mission Evangelistic Campaign was entered and fostered by the laymen in the fall which was, at least, a great blessing to all those who participated in it.

The spiritual force and fervor of the church is expressed in the 132 added to the church this Conference year.

These are some of the things, other than the regular duties, entered by your pastor and directed by religious education.

It is with profound gratitude that I record the harmony and brotherly spirit manifested in all the work of the year. There has been a fine spirit of co-operation from top to bottom and throughout all departments. If I knew how to gauge the spiritual life of a church, I would say that progress has been made. I am persuaded that the work of the year has borne much good fruit and will continue to do in the future. I want to express my deep appreciation for the kindness I have received from all and the hearty co-operation given me in all the efforts of the year.

F. P. CULVER, P. C.

Nov. 8th, 1927.

Following is the report of Rev. Joe Patterson, religious director:

To the Presiding Elder and Members of the Fourth Quarterly Conference of First Methodist Church, Corsicana:

Dear Brethren: It is with pleasure that I can report tonight continued progress in the religious educational work of our church. In

a provisional check of our Sunday School made by the Conference superintendent the following grades were given:

Cradle Roll, 90 per cent; Beginners 90 per cent; Primary 100 per cent; Junior 90 per cent; Intermediate 90 per cent; Young People 60 per cent; Adult 40 per cent.

The superintendent said he would make an official check of the entire Sunday School some time in February, and he said it was possible for every department to advance itself to the 90 or 100 per cent by that time. At present the Sunday School with the exception of the Adult Department, grades a Grade A Sunday School or above.

Rally Day, Promotion Day and Training Day have been observed. At Promotion Day one new Young People's Class was organized, a class of young men with Mr. Fred Upchurch as teacher. Mr. W. P. Gear has been elected teacher of the Roughton Class, and Mr. Sam Jackson has been chosen superintendent of the Adult Department.

Just after last Quarterly Conference, Mr. McElwath had a group of boys from the Junior, Intermediate, and Senior departments down at his summer home for a ten day camp. The camp was fortunate, also, in having our presiding elder, Rev. A. W. Hall, as one of its members. The spirit of the camp was fine from start to finish, and the boys are loud in their praise of Mr. McElwath and of Camp McElwath. Each boy already has requested the privilege of attending the camp next summer. There is no finer opportunity for developing real manhood than a summer camp under Christian leadership.

Recently the Hi League gave a Halloween party which was well attended. About 100 boys and girls said they enjoyed this rather unusual social evening, full of good fun and of surprises.

On October 27 the women of the Women's Missionary Society entertained the young people of the church and their friends with a "Hallowe'en Feed." It is the hope and sincere desire of the 175 or more who enjoyed the feed, frolic and good time of this occasion that the women of the church make this fall feast an annual event. The women should certainly be encouraged by their venture and continue their gracious hospitality toward the young people.

Funds are badly needed to carry on the work of the United Charities according to a statement made Tuesday by Miss Augusta Helm, secretary of the organization. With many added calls for help and the winter months ahead it was pointed out that the work of the United Charities would have to be serious.

A number of new tubercular cases are being cared for by the organization under Miss Helm's leadership, and a number of transient cases have been cured for recently.

The Fall Standard Training

School enrolled 69 and issued 66 credits, 43 of which were to members of our own Sunday School.

Five more papers now in the general Sunday School office for credit. The work was done on the Principles of Religious Teaching in a recent Junior school. A number of the officers and teachers of the Intermediate Department are now in a training class studying organization and administration of the Sunday School.

Under the auspices of the Methodist Class the Community Players' Class the Community night play Monday night to an audience of about 300 people. It was a campaign for additional funds.

The work of the organization has been curtailed slightly during the past weeks, and with cold weather the calls for assistance will be doubled or trebled, and many cases that are really worthy will have to be turned down.

Miss Helm also asked that the public be warned about a number of transients who have been working the town with their various pleas during the past few days. While a few have been deserving cases, the majority of them are known to the welfare organization here and in other cities, and the aid given them hurts the work of these organizations rather than assist them. No worthy cases are ever refused aid according to Miss Helm, and the public is asked to co-operate by insisting that the supplicants go to the United Charities or at least that the people call the organization and get as much information as possible concerning the applicant for aid.

The organization is assisting in keeping several children in school this year, and there is one family in the care of the society in which the mother, the bread winner of the family, is seriously ill.

Miss Helm stated that funds were needed at once and that assistance tendered by the public would be appreciated and that it would assist greatly in the work of caring for unfortunate, and other forms of welfare work.

Valuable Furs Are Stolen Kansas City

Kansas City, Nov. 10.—Fur coats and neckpieces valued at \$60,000 were stolen from the Wilde-Van Dyke Fur Company early today by four men who compelled a janitor to open a door for them. Fifty coats and 100 neckpieces were taken.

LOCAL PEOPLE TO ATTEND LON MORRIS HOME COMING

The date of the Annual Homecoming of Graduates and Ex-students of Lon Morris College has been changed to Thanksgiving. Heretofore this meeting has been held during the Spring term of each session.

The Lon Morris Bear Cats and Rusk College Indians will meet in the Turkey Day tilt at Jacksonville. This will be the first Thanksgiving game to be played on Lon Morris' new athletic field.

Students, teachers and ex-students will be banqueted immediately following the game Thanksgiving. Hundreds of visitors and friends will attend the Homecoming.

Shoe Shops Will Close Friday

The Liberty Shoe Shop, American Shoe Shop, Wendell Shoe Shop, Browning Shoe Shop, Lake Levine Shoe Shop, Goldberg Shoe Shop, Richter Shoe Shop, Fishman Shoe Shop will be closed all day Friday, Armistice Day, it was announced Thursday.

FORMER RESIDENT WAXAHACHIE BURIED THERE TUESDAY

Funeral services for C. L. Baker, aged 63 years, resident of Waxahachie for 20 years prior to moving to Corsicana about two weeks ago who died suddenly with a heart attack Monday morning at 10:10 o'clock at the home of his son, Rev. P. Martin Baker, pastor of the Third Avenue Presbyterian church, 316 North Thirteenth street, were held from the Central Presbyterian church, Waxahachie, Tuesday afternoon at 2:30 o'clock with interment in the Waxahachie cemetery.

Mr. Baker had been in failing health since June but was thought to be considerably improved until a few minutes prior to his death.

Mr. Baker was a native of Kentucky, but had resided in Texas for 32 years. His wife died in 1925.

Surviving are one son, Rev. P. Martin Baker, Corsicana; one daughter, Miss Charlie Mae Baker, Waxahachie, and three brothers who reside in Kentucky.

The funeral cortege left Corsicana Tuesday afternoon at 12:30 o'clock.

"Corsicana Has It."

TAX HAS PROVEN GREAT BURDEN TO THE SPOKEN DRAMA

By Associated Press.

Washington, Nov. 10.—Repeat or downward revision of the excise or nuisance taxes, including such things as levies on theater admissions, cigars and the like, was asked today at the House Ways and Means Committee tax hearings.

Lieon Johnson, of New York, representing the National Theatrical Association, declared the ten per cent tax on theater tickets selling for more than 75 cents was a direct burden to the spoken drama.

"Since that tax was imposed," he said, "the number of shows on the road has decreased by one-third. The cost of the spoken drama has so increased that the tax cannot be absorbed and has to be passed on to patrons."

M. J. O'Toole, New York City, secretary of the Motion Picture Theater Owners' Association of America, advocated that all special taxes on theater be eliminated.

Leopold Powell, New York cigar manufacturer, told the committee that many nickel cigars were being sold for twenty cents or more, because it now was possible to buy high priced revenue stamps, put them on "five centers" and let customers the government had taxed those cigars to sell at twenty cents. He urged the committee to tax all cigars the same.

Texans Urged Join American Red Cross

By Associated Press.

Austin, Texas, Nov. 10.—Texans were urged to join in the eleventh annual "roll call" of the American Red Cross, to be conducted from Armistice Day to Thanksgiving, in a proclamation issued today by

PLANT VALUED HALF MILLION DOLLARS FOUND DESERTED BY RAIDING PROHIBITION AGENTS

By Associated Press.

Detroit, Nov. 10.—A subterranean brewery, its intricate system of basements and passageways yielding beer and liquor making paraphernalia worth half a million dollars, has been found by Federal prohibition agents a few steps from Detroit's main artery, Woodward avenue.

So extensive was the plant that it occupied an entire city block of basements and most of the office buildings above. Dan Vaccarello, prohibition administrator, believes that in the discovery of the giant plant last night his officers have uncovered the main source of supply of many of Detroit's blind pigs and bars.

A fashionable night club at 37 Selden avenue which was believed to be the headquarters and general office of the underground plant, was deserted when Vaccarello and nine agents arrived at an hour picked as most liable to catch the after-theater crowds.

In the dining room, where nearly 200 tables were set, many laden with steaming viands, there were evidences of a hasty exit by patrons. A few tables had beer overturned. From racks in the check rooms, were hunt coats and hats left behind in the hurried departure.

On a 150-foot bar at the rear of the dining room were glasses containing beer or whiskey which patrons had not taken time to consume as word of the impending raid was received. Behind the bar

the serving counter was stocked full.

Most elaborate was the plant outfit, most lavish was the liquor-making equipment, included in contraband which the agents seized were: A vat containing 25,000 gallons of beer; several hundred barrels of beer; a large quantity of bottled beer; 11 cases of whiskey; eighteen 5,000 gallon vats of beer; three 25,000 gallon vats of beer; a ton and a half of filter paper pulp, used in purifying beer; three 20,000 gallon wooden whiskey tanks; a large ammonia refrigerating plant; a "rucker" machine used in filling kegs; five large automobile trucks.

After more than an hour's investigation agents found a cleverly concealed trap door of steel leading to a basement.

At one end of the basement another trap door was discovered. This led to a large room, extending nearly a quarter of a block where an elaborate beer making plant had been installed.

Other passageways led from this main room through a trucking tunnel to a garage building across an alley. Indications were that the rum had been trucked to the garage where automobiles awaited to transport it. Similarly in all directions led halls, each to some adjunct to the plant.

Agents found that buildings in the entire block, with the exception of two small store rooms, were used as store rooms by operators of the plant.

Owners of the property are to be subpoenaed for questioning in connection with the raid.

No one was arrested, and there was no indication as to who owned or operated the plant.

DENUDING FORESTS GIVEN AS REASON FOR MANY FLOODS

By Associated Press.

Washington, Nov. 10.—Denuding of the nation's forests was given as an important cause of the floods in the Mississippi Valley and New England by Charles Lathrop Pack, president of the American Tree Association, in a report presented today to the House Flood Control Committee.

"The floods have turned the attention of the nation to the need of reforestation," he said, "the millions of life perished at the headwaters of the thousands of streams that find their way to the Mississippi river."

"No one claims forested hillsides and head waters will prevent floods, but they will help control them. Forest cover acts like a sponge."

RIGGING UP ON SECOND WOODBINE TEST POWELL AREA

Rigging up has about been completed on the test to the second Woodbine sand to be drilled by the Corsicana Oil and Refining Company and others on the Green Springfield lease in the north end of the Powell deep field. Some work remains to be done on the slush pit but the well is expected to be spudded in Friday or Saturday.

The contract for the new test is held by C. T. Kessinger & Sons and the application to drill calls for the second Woodbine sand or about 3000 feet. The new well will be known as the Corsicana Oil and Refining Company Berwald et al Springfield No. 1.

ACHED ALL OVER

Was Suffering Dreadfully, Just "Wasting Away," Took Cardui, and Says It Helped Her.

Arlington, Texas.—A resident of this town for many years, Mrs. J. H. Jackson, says:

"I had suffered dreadfully with aching all over my body. At times my head would give me so much trouble I could hardly stand it. I had been in bed for weeks and I looked like I was just wasting away."

"I took 9 bottles of Cardui and my strength began to slowly return. Since that time I have used this medicine a good many times and it has always helped me."

At one time I took Cardui for several months regularly. I would be afflicted with sudden spells of dizziness when I could not stand on my feet. Everything would turn black before my eyes and I would feel as if I were going to faint. A times I would be quite nauseated. I turned at once to Cardui and took it till I was safely through."

Cardui is a mild, medicinal tonic made from purely vegetable ingredients. It has been in use for over 5 years, and in that time thousands of women have written that Cardui helped them back to good health.

WOMEN ENTERING RAT CAMPAIGN IN NAVARRO COUNTY

Poison, trap and cat committees are being appointed by the Women's Home Demonstration Clubs over the county preparatory to the county-wide rat campaign that is to be inaugurated November 14, according to Miss Elma Lawson, Navarro County Home Demonstration Agent.

In several communities the rats are reported to have cut through heavy timbers in search of new fields of destruction, have become so bold that they will advance into the farm yards in daylight and eat mash put out for the chickens.

A special meeting of the women of the Zion's Rest community will be held at the home of Mrs. C. F. Bryan, president of the Home Demonstration Club, at 2 o'clock Tuesday afternoon, November 9, to map out their part of the county-wide campaign.

St. Louis Fruit Man Assassinated

St. Louis, Nov. 10.—Charles Palmisano, 49, president of the M. Longo Fruit Company, was shot and killed today by three unidentified assailants in what police believed was a renewal of a feud between factions of the "Italian gang."

COMPLIMENTARY LETTERS RECEIVED BY THE DAILY SUN

SYDNEY MARKS AND PAT O'KEEFE EXPRESS THEIR APPRECIATION

The following letters have been received by the Corsicana Daily Sun from Sydney Marks, president of the Corsicana Chamber of Commerce, and Pat O'Keefe, prominent Dallas citizen and Texas political war-horse.

The Sun wishes to use this means of acknowledging the receipt of the letters and to express appreciation to the writers.

The letters follow:

"Editor,
"Corsicana Daily Sun.

"We are greatly pleased with the special effort of the Daily Sun in adding its part on the occasion of the recent Dallas visitation by the splendid feature page.

"The Daily Sun always measures up to the occasion but we cannot refrain from adding our word of gratitude for such enterprise.

"Cordially yours,
"Sydney Marks.

STROUBE GETS NEW THRILL IN AIRPLANE TRIP TO DALLAS

HAVE TO GET UP IN AIR TO ENJOY BEAUTIES OF THE EARTH HE STATES

"Say, it was great—I really pity the fellow who has never had the experience. You have to get up in the air to enjoy the beauties of the earth."

This was the jubilant statement of W. C. Stroube, Chairman of the Chamber of Commerce Aviation Committee, who made an airplane flight to the Dallas airport and returned Tuesday in the new Travel Air plane piloted by Charles Pedley, Corsicana pilot.

Mr. Stroube has been interested in the progress of aviation some time and as Chairman of the Chamber of Commerce committee has been working to place Corsicana on the list of modern American cities who are preparing for this new era of transportation, but had never had the personal thrill and satisfaction of an air voyage.

In a more serious vein, Mr. Stroube declared that he got a new conception of air transportation from his trip to the Dallas airport by airplane.

With the announcement this week that air mail in Texas soon is to be extended to South Texas points and remembering that Corsicana is in a strategic position by being on a direct line between Houston and Dallas, which promises eventually to become an air route, the air problem of Corsicana becomes one deserving present attention as well as future planning.

Corsicana now has a young Californian, who is continuing his aviation studies under Pilot Pedley after completing two months at the famous Ryan School in California.

Recently the Chamber of Commerce had contact with a representative of the largest concern in the South doing cotton dusting by airplane and there is a possibility that this point might be selected as a home port for a large part of Texas.

"I received a copy of your paper a few days ago and I want to say it is a credit to your city or any other for that fact. It is the best head-line paper I have seen. I know of no other like it except the Cincinnati Enquirer. You certainly are to be complimented on your writing.

"Up of the Trip to Trinidad which I enjoyed very much. The people of Texas have no idea of the extent of that plant and the wonderful benefit that our state will derive from its wonderful power. Electricity is the base of all industry and if that body of men who heard Mr. Norrell speak will only take heed and act Texas and all cities will reap the benefit of the plant at Trinidad.

"I also want to thank the good people of your city for the entertainment they treated us to on our return home.

"May your paper prosper for many years to come and your city continue its growth.

FEDERAL EXPERT HEAD CAMPAIGN TO EXTERMINATE RATS

COUNTY WIDE CAMPAIGN AGAINST RODENTS STARTS NEXT WEEK

With the heaviest farm damage from rats in years and a strong interest throughout the county in eradicating these pests, the Chamber of Commerce has obtained the services of a Federal government expert to head up a county-wide rodent campaign beginning next week.

Representative farmers and business men from all sections of the county are invited to a meeting at the Chamber of Commerce next Tuesday, Nov. 15, at 2 p. m., to perfect plans to carry the campaign into every community in the county. In addition to discussing plans for the control campaign the meeting will hear a discussion of ways and means of killing rats.

J. L. Halbert, chairman of the Chamber Agricultural Committee, and Henry Gentry, county agent, will be in general charge of the program with the assistance of community chairmen in every precinct.

While a number of citizens have been given special invitations to be present, the meeting is open to the entire public and every farmer and citizen interested are urged to be present.

The following letter was mailed yesterday by the committee to prospective community chairmen:

At the earnest request of farmers of our county we have invited a rodent control expert of the Federal government to help us in a county wide campaign against rats, beginning next Tuesday.

In order to carry this campaign into every community of the county we are inviting you, together with other public spirited citizens from all parts of the county, to meet at the Corsicana Chamber of Commerce office Tuesday afternoon, Nov. 15, at 2 o'clock to confer with the Government representative.

Unless a determined campaign is put on to minimize the damage from rats, it looks like the farmers of our county will lose as much as \$50,000 worth of their hard-earned products.

We are counting on you as a representative of your section and we hope that you will be with us and help us in every way possible. Next week will be a good time to

Remember Nine Years Ago Today

When the guns at the Front were silenced — and the homesick boys turned their faces to their own land.

When a great nation's heart swelled with pride at the courage and heroism of youth.

Today — Armistice Day — we live again those stirring times; cheer the boys who came back; remember with honor those who rest in France.

PYREX

Perfect Baking Beautifully Served

If you bake in Pyrex — you know at a glance when your baking is done.

This accurate and instant information which Transparent PYREX gives you, is only one of the many advantages of PYREX Oven Cookery.

PYREX bakes all foods in less time because every bit of the oven heat is radiated to the food. Foods are more thoroughly cooked. Bread, rolls, cakes and pies are exquisitely browned on the bottom and sides, as well as on top. PYREX will not chip or dent, discolor or absorb food odors. It keeps the food hot during the entire meal.

NUMEROUS FEATURES WILL COMPRISE FALL FESTIVAL NEXT WEEK

PARADES AND FREE FEAT- URES WILL BE GIVEN EACH DAY DURING WEEK

Interest in the great Navarro County Festival to be given next week in Corsicana is growing by leaps and bounds, and definite plans for the coming week of activity are being rounded out whereby Corsicana and Navarro county will witness one of the biggest weeks of jollification and merriment ever enjoyed before in the history of the county.

The steering committee of the Chamber of Commerce having the affair in charge held another enthusiastic meeting this morning to check up on the program for the week's entertainment, and it was voted that \$1000 be given away during the week in cash prizes.

All of the luncheon and service club organizations have accepted their responsibility in making the week a big success, each club being given liberal cash prizes to offer in their respective contests.

In addition to there being a big circus the first three days of the week's jollification, which will be sponsored by the Navarro County Shrine Club, there will be parades, baby contests, athletic contests and others that will attract all classes to the many free attractions given.

The Navarro County Shrine Club, H. R. Stroube, president, will lead the big parade with a float of the city, the parade to be extraordinary and full of thrills, the time being promptly at 11 o'clock Monday morning. Throughout the week there will be free band concerts, and open air exhibitions on the streets for the benefit of the visitors, after which the big Shrine circus will be given for matinee and night performances.

The Shrine circus is a regular circus of big proportions, having been engaged by the local Shrine club for the week's event, with a big guarantee.

Tuesday morning at 11 o'clock there will be a county-wide cotton parade sponsored by the Lions club with cash prizes offered for various entries, the prizes and other features to be announced later by a special committee in charge. The circus will also be on this day for afternoon and night performances.

Wednesday morning at 11 o'clock there will be a county-wide automobile parade sponsored by the Rotary club, the cash prizes and other features to be announced later by the committee in charge. There will also be circus performances in afternoon and night.

Throughout the week Pilot Pedley in his new airplane will perform at the noon hour in the air throwing out at intervals valuable prizes and gifts which will be well worth securing.

One of the most unique entertainments which will be free for all will be a regular old-time Mardi Gras which will be given Thursday night on Beaton street. This prominent thoroughfare to be closed to traffic and used for pedestrians only, and a good time will be in store for the visitors. The affair will be masked, with trumps, confetti, etc., and plenty of music by a band.

Friday will be babies day for the county, the ladies to have the program in charge and cash prizes offered, the committee in charge and cash prizes to be announced later. The contest will be a free for all for the babies, the contest to be a "Perfect Baby Contest." This will interest every mother of the county.

On Saturday morning at 11 o'clock there will be a county athletic parade with the pep squads of all the city and county schools to participate, which promises to be one of the biggest attractions of the week. There will be liberal cash prizes for this parade with the committee in charge, composed of County Superintendent Andrew J. Steele, J. J. Hendricks of Kerens, Superintendent Brown of the Blooming Grove public schools, John A. Pierce and E. L. Fletcher, George Bunn, chairman of the decoration committee promises to have the city in grand attire by next Saturday, which decorations will make the city look like a real city and which will add much to the success of the event.

There are many other attractive features that will be given during next week's frolic, and the attractive part about it all will be that everything will be free but the circus, there to be a small admission for this big circus, which funds will go to the Shrine Hospital fund.

The steering committee, Sydney Marks, chairman, will hold another meeting Wednesday morning to check up on definite plans for the week, at which time all of the committees in charge of the programs, together with the cash prizes will be given out for publication.

**FIELD WORKER
FOUND DEAD EARLY
TUESDAY MORNING**

Nicholas Weiten, aged about 32 years, was found dead by the side of the shack where he slept just east of Whitten at an early hour Tuesday morning when some of his associates went there to awaken him. A pistol wound was discovered in the left chest just below the nipple and another pistol wound was in the right temple. He

was an employee of the Gulf Oil Company.

Sam B. Jordan, justice of the peace, conducted an inquest over the body and his verdict was death from wounds, self-inflicted. The body was lying face downward on the ground. It was stated that his bed had not been disturbed and he was fully dressed. He borrowed a pistol, a .38 calibre gun, from a friend Monday afternoon. Receipts, said to have been found in the dead man's effects showed that he had paid a number of bills Monday. The wounds were inflicted sometime during the night, but investigation by Judge Jordan and Sheriff W. T. Wilson and Deputy Sheriff W. C. Murray who arrived soon after the body was found failed to find anyone who had heard shots during the night.

The automobile was reported nearby and a package of cigarettes was on the running board of the car, it was reported.

No note was left telling about the reason for his action. Judge Jordan stated that he apparently shot himself in the chest and dragged himself several feet before the shot was fired in the temple. The body was lying, face downward, with the arms doubled under the body and with the pistol also under the body.

He is survived by one child and wife. Several uncles reside in Germany.

The body was brought to the Sutherland Undertaking Parlor Tuesday morning and is being held pending the funeral arrangements.

WORKERS COUNCIL METHODIST SUNDAY SCHOOL IN SESSION

About 45 teachers and officers of the First Methodist Sunday School met in the ladies' parlor of the Educational Building for the regularly monthly meeting of the Workers' Council last night.

Rev. Joe Patterson, president, presided. Short talks were made by F. P. McElwraith, general Sunday School superintendent, and Rev. F. P. Culver. A solo was rendered by Mrs. Joe Patterson, accompanied by Mrs. Lister Tatum. A report was made by Mrs. Hugh Jester and one department of the Sunday School was reported as being 100 per cent.

A report by Mrs. C. L. Brown on work she was doing on the East Side was made. Sunday School work is being done at 604 South Seventh street. Mrs. Brown reported much success in the venture.

W. W. Norwood, principal of the High School, made a very instructive talk on the principals and art of teaching. Prayer was led by Rev. Mr. Patterson.

Tonight (Tuesday) at 7 o'clock a meeting of the Board of Stewards will be held followed at 8 o'clock by the fourth quarterly conference of the church.

ARMISTICE DAY IS LEGAL HOLIDAY AND MERCHANTS CLOSE

According to announcement by Fred White, secretary of the Retail Merchants Association of Corsicana, members of the association will close their places of business next Friday, Armistice Day, according to custom.

It was stated that Armistice Day is one of the days observed by the Retail Merchants Association as a holiday and that therefore all members of that organization, as well as many others, perhaps, will observe the day by making a holiday. The public is asked to take due notice and make their plans accordingly.

STATE THEATRE IN HAMMOND, INDIANA, COMPLETE WRECK

Hammond, Ind., Nov. 8.—A series of mysterious explosions which the police attributed to black powder bombs wrecked the State Theatre here at 3 o'clock this morning, damaged All Saints Church across the street, blew down trolley and telephone poles, and broke plate glass windows for blocks around, causing estimated damage of \$500,000.

The theatre is in the rear of the three-story brick State block which cost \$1,500,000.

The blast blew out the theatre walls on State Street for almost a block, demolishing the roof, balcony and stage which crumbled into a tumbled mass of bricks, masonry and steel.

The bombs apparently had been placed in the Sibley street entrance to the theatre where steel doors were blown in. The first blast was followed by two more. As the theatre walls crumbled, trolley and telephone poles tumbled into the street in front of the block and windows and part of the roof of All Saints Catholic Church across the street crashed down.

Fire which followed was quickly extinguished. Owners of the theatre could assign no reason for the bombing, stating that they had no labor troubles and no enemies that they knew about and the police were working without tangible clues.

J. F. Reimlinger is in the Corsicana Hospital and Clinic for treatment. No change was reported in the condition of Miss Johnnie Mae

PERSONAL TRIUMPH FOR GOVERNOR SEEN NEW YORK ELECTION

AMENDMENT TO CHANGE ELECTION YEARS VOTED DOWN OVERWHELMINGLY

By Associated Press. New York, Nov. 8.—A new personal triumph for Governor Alfred E. Smith had been recorded today by the electorate of New York state in the decisive defeat of a proposed constitutional amendment to have governors elected in presidential years instead of every two years.

Rallying behind Smith's opposition to the measure, the voters repudiated the recent action of the electorate of New Jersey and buried the proposal under an avalanche of ballots. Returns from virtually two-thirds of the state showed the plan lost by a majority of more than 625,000.

At the same time eight other amendments for which the governor had conducted a vigorous statewide campaign in which he clashed several times with Colonel Theodore Roosevelt appeared from incomplete returns to have been given favorable majorities almost as great.

Democratic chieftains regarded the vote as emphatic approval of the leadership of Governor Smith, and saw in it a new boom for the presidential nomination.

In the election of assemblymen, the Republicans made a net gain of three seats. With one of the 150 districts missing, the complexion of the new assembly stood, Republicans 87, Democrats 62.

Clarence E. Hancock, Republican, of Syracuse, was elected congressman from the 35th District, to succeed in that W. W. Magee, Republican.

All Socialist candidates were defeated including Justice Jacob Panken of Manhattan, the only one of his party on the bench in the state.

Republican Leads Kentucky Race

By Associated Press. Louisville, Ky., Nov. 9.—Judge Flen D. Simpson, Republican nominee for governor, had a majority of 8,857 votes over his Democratic opponent, J. C. W. Beckham, on the face of incomplete unofficial returns from 117 of the 120 counties of Kentucky. The vote, with most of the counties complete, was: Simpson 329,623; Beckham 320,766.

Beckham had opposed the partial-mutual system of betting in Kentucky while Simpson contended it was not an issue. In the mayoralty race in Louisville Mayor Joseph T. O'Neal was defeated by a majority of 3,772 by William B. Harrison, Republican nominee, according to unofficial figures with 21 of the 694 precincts missing.

Returns for legislative and judicial races have not been compiled throughout the state except in two mountain districts. Gil Lewis, candidate for city councilman was shot and killed, and his brother Floyd Lewis, was probably fatally wounded at Harlan. Lindsey Clark was instantly killed during a shooting affray at the polls at John's Creek, two miles from Prestonsburg.

Vare Republicans Win in Philadelphia

By Associated Press. Philadelphia, Nov. 9.—The Republican organization under leadership of Senator-elect William S. Vare, is still in the saddle in Philadelphia.

Efforts by independents to unseat it at yesterday's municipal election met with failure. The entire organization ticket, headed by Harry A. Mackey for mayor, was swept into office by overwhelming margins.

Mackey's unofficial majority over J. Hampton Moore, Citizens party candidate, was 165,063. The vote being Mackey 291,489, Moore 126,427.

The rout of the independents was complete. Moore apparently carried only one of the 48 wards. Senator-elect Vare said the heavy Republican vote was a notice to the country that Philadelphia was still the stronghold of Republicanism and that it would "give heart and courage to Republicans everywhere upon the eve of the presidential election."

Leaders of the Citizens' party asserted that many irregularities had been discovered and that proceedings would be started for the opening of a number of ballot boxes. James M. Beck, Republican, was elected to Congress from the First District of Philadelphia, defeating Dr. John P. Mulhearn, his Democratic opponent by a huge majority.

Amendments Are Lost New Mexico

By Associated Press. Santa Fe, N. M., Nov. 9.—Tabulations today indicated defeat of the proposed constitutional amendment that would give four year terms to State officers and change the time of election for both State and county officers.

The count, with many precincts still missing, showed 41,001 votes for the amendment and 7,116 against.

Three other proposed amendments apparently had been defeated. One would increase the pay of legislators from \$7 to \$10 a day, another would authorize the expenditure of State lands in national forests for Federal lands outside

the forests, and the other would prevent introduction of bills in the legislature after the 45th day without the recommendation of the governor.

Election Results At a Glance

By Associated Press. New York State—Gov. Smith triumphed in fight against constitutional amendment which would provide for gubernatorial elections in presidential years. Republicans retained control of lower branch of legislature.

Detroit—Mayor John W. Smith avowed wet, apparently was defeated by John C. Lodge, grandnephew of Lindbergh, in close vote.

Kentucky—Flem D. Simpson, Republican, apparently was elected governor over J. C. W. Beckham, Democrat, opponent of partial-mutual killings during voting.

Philadelphia—Vare's machine triumphed in the close victory of Harry A. Mackey, Republican, who defeated J. Hampton Moore, Independent, for mayor.

Ohio—Anti-Saloon League was defeated in backing a referendum on a bill approved by the Legislature which would have put justices of the peace on a fee basis with authority to try violators of the prohibition laws.

Three Republican Congressmen were elected. James M. Beck, of Pennsylvania; Charles G. Tamm, of Ohio, and Clarence E. Hancock in New York. They will have seats which have been held by Republicans.

New Mexico—Defeat of a proposed constitutional amendment increasing terms of State officers from two to four years indicated incomplete returns.

Norwich, N. Y.—Mrs. Katherine Stoddard, Democrat, defeated by Mayor D. H. Curran, Republican. New York City—Mrs. Ruth Pratt, Republican, socially prominent mother of five children, re-elected alderman.

Pittsburgh, Pa.—County Controller Charles C. McGovern, appointed by former Governor Pinchot, elected a county commissioner over opposition of McCon machine.

Cleveland—Effort of former Governor Harry L. Davis to abolish city manager government defeated.

San Francisco—James Ralph, Jr., elected mayor for fifth term of four years, defeating James E. Power, former postmaster.

Salt Lake City—Mayor C. Clarence Neslen, Democrat, defeated by John P. Bowman, Republican, both Mormons.

Louisville—Mayor Joseph T. O'Neal, Democrat, defeated by William B. Harrison, Republican.

New Jersey—C. G. Coffey retained control of legislature.

COURT OF APPEALS DENIES REQUEST OF MILLIKIN COUNSEL

By Associated Press. Austin, Texas, Nov. 9.—The Court of Criminal Appeals today denied request of counsel for A. V. Millikin, executed Friday at Huntsville that it hold in contempt District Attorney Fred Blundell, Sheriff W. M. Ellison and Constable Gus Enkling, all of Caldwell county, because, during Millikin's sanity trial, the officers took him from Lockhart jail to Austin for mental examination.

Proceedings of Court. By Associated Press. Austin, Texas, Nov. 9.—Proceedings in the Court of Criminal Appeals today include:

Affirmed—F. H. Latson, Smith; pleas Benjamin, Navarro; Ernest Ford, Potter; C. G. Coffey, Stephens; E. F. Dennis, Potter; John Stratford, El Paso; R. P. Price, Shelby; Henry Coleman, Smith; M. D. Pruitt, Wilbarger; J. W. Foster, Nolan; S. H. Ramsey, Wilbarger; S. E. Melton, Lubbock.

Reversed and Remanded—Oscar Hightower, Panola; Ben Lake, Williamson; S. A. Lawhorn, Wilbarger; Calvin Boles, Nacogdoches; George Hanners, Wilbarger.

AGED MAN DIED AT HOME OF SON HERE LATE TUESDAY

Robert F. Stark, aged 73 years, native of Louisiana but resident of Texas since a small lad, died at the residence of his son, E. E. Stark, 2226 West Fifth avenue Tuesday afternoon at 5 o'clock after the funeral was held from the residence Wednesday afternoon at 2 o'clock with interment in Oakwood cemetery. The funeral services were conducted by Rev. R. F. Duckworth, Church of Christ minister of Dallas.

Surviving are his wife, five sons, C. A. Stark, Dallas; E. E. Stark, Corsicana; Charles Stark, Dallas; Frank Stark, Bradshaw; Herbert Stark, Caddo Mills; three daughters, Mrs. Myrtle Roberts, Kansas City; Mrs. Lotus Hise, Baxter Springs, Kansas; Mrs. Bertie Lay, Corpus Christi; one brother, J. M. Stark, Bastrop county; one half-brother, J. C. Whitehurst, Sabinal; one sister, Mrs. Ellen Stouchehouse, Sherwood.

Married at Court House

E. H. Harrison and Miss Maud Alice Weeks, both of Dallas, were married at the county courthouse late Tuesday afternoon. The ceremony was performed by Sam B. Jordan, justice of the peace. They will reside in Dallas.

DREAMS OF GRAND OPERA CAREER ARE PAST FOR TWO BOYS

By Associated Press. St. Louis, Mo., Nov. 9.—Dreams of grand opera careers were shattered for Leonard Cota and Howard Kramer today as they faced charges of having slain Cota's aged grandmother, Mrs. Elizabeth McKittrick, who was strangled to death and robbed at her Zwingle, Iowa, home, November 1.

Steins of rouge, which first attracted attention of detectives to them yesterday, were still on their lips and cheeks as they awoke this morning with marcelled hair away and remembered that Mrs. McKittrick was dead. They did not know until a late hour last night that she had died, and when detectives told them, Cota broke down and cried.

"Thinking that 'makeup' was necessary for an operatic career, the two youths had visited beauty parlors and secured 'marcels,' had their eyebrows pencilled and their lips and cheeks heavily coated with rouge. It was this makeup which first attracted attention of detectives as they left a hotel late yesterday.

Cota, 18, a native of Altoona, Wis., told police that Kramer and he had robbed Mrs. McKittrick of approximately \$25,000 in cash and a large amount of securities which he said they intended to use in training themselves for careers in grand opera. He said they intended to return to the securities.

Advice from Altoona, Cota was arrested there September 27 charged with selling a mortgaged automobile, but that the case was settled. He left there October 29, saying that he was going to a lumber camp in the Northern part of the state.

In his confession to detectives, Cota said that he and Kramer had borrowed \$40 with which they made a payment of \$25 on a car and drove to Zwingle to get the money which he knew his grandmother kept in the house because of her fears of banks. They told her that it was "Leonard and Oliver" in order to gain admittance. Oliver is a younger brother.

Grandmother Suspicious. The grandmother was suspicious, he said, but he allayed her fears by recalling familiar incidents. He blew out the lamp under pretext of lighting a cigarette and seized the old woman, threw her to the floor, stuffed a handkerchief into her mouth and tied a towel over her mouth and nose. They also tied her feet and then tried to open the bureau drawer in which she kept her money. It was locked but they forced it open with a leaf from an auto spring and took out two flour sacks in which she kept her money.

To reach the door, Cota said, they had to stop over Mrs. McKittrick, and he stopped to reassure himself that she was still breathing. They left their car and went to Chicago and then came to St. Louis where they lived regularly in hotels for several days, he said.

COURTHOUSE NEWS

District Court. Sammy Samuels, negro, pleaded guilty to misdemeanor theft in the district court Wednesday morning and was fined \$10 and costs and given 90 days in jail by Judge Scarborough. The accused negro was indicted recently for theft from person.

Ohio Strays From Leadership Saloon League Tuesday

By Associated Press. Columbus, O., Nov. 9.—Ohio home of the Anti-Saloon League and the scene of an unbroken list of league triumphs in previous years, yesterday for the first time refused to follow the leadership of the dry organization.

The Marshall Justice of the peace bill sponsored by the League which

FORECASTING OF PRICE TRENDS UPHELD DESPITE COTTON BREAK

As the size of the crop is becoming more definitely established, the market should become more stable, and the time in the yarn and finished goods market should be more settled. Due to the fact that the prospects of a top crop are very small, cotton will be placed unusually early this year. As was indicated in last month's report, should the present estimate of production be realized, and past relationship between supply and price prevail, it is likely that prices will decline in the next few months.

By Associated Press. Washington, Nov. 8.—Two months after the spectacular break in the New Orleans cotton market, for which the forecasting of price trends by the department of agriculture was blamed, Secretary Jardine still defends the practice, with qualifications, and reports are current that congress may be asked to authorize its continuance on a modified scale.

Suddenly halted, after the longest cabinet session of the Coolidge Administration and an announcement that the president considers price prediction a dangerous practice for governmental agencies, forecasts are now rigidly avoided by the bureau of agricultural economics. Its report of September 15, indicating that cotton prices would decline within the next few months is attacked by southern members of congress as directly responsible for the instant drop of \$6.50 a bale, and Lloyd S. Tenney, chief of the bureau, has zealously observed Jardine's instruction to eliminate all references to the indicated future price of farm products.

Despite his orders, the secretary has expressed himself as convinced the farmers need and want information on the prospective market for their crops. "Criticism of price forecasting," he says, "does not come from the farmers. There is a demand for this service, farm leaders favor it, and are going to fight to get it."

Jardine does not say whom he believes to be inspiring criticism, nor does he reveal knowledge of plans to reinstate the forecasts, but interests in Chicago, definitely aligned with farm organizations, are quoted here as feeling that many farmers believe it a mistake to discontinue price reports.

At least one Washington representative of more than half a million farmers, speaking privately, holds, however, that federal forecasts are injurious to agriculture in that previous knowledge of impending lower prices may unfairly force current markets down.

Secretary Jardine indirectly concedes a similar view in his declaration that farmers may not be ready to use advance market information before others use it to their disadvantage. Nevertheless he indicates that price trends may be announced when reports will have no chance to bear upon the market.

Any attempt to influence congressional sanction of price prediction appears likely to meet organized opposition, and attempts to have the practice barred may be made with United States, are not sufficiently successful. Senator Joseph E. Ransdell, Louisiana, has asked the for themselves.

SUSPENSE FOLLOWS ARREST LEADERS IN COAL MINE STRIKE

By Associated Press. Denver, Colo., Nov. 8.—A wartime atmosphere prevailed in sections of the Southern Colorado coal fields today after a night of suspense which special police guarded jails where strike leaders were confined while signal flares and fires marked strikers' camps.

With the arrest of nearly a score of strike leaders yesterday, including several of the I. W. W. officials, picketing ceased and many miners returned to work.

However, strikers immediately started demonstrations protesting the arrests, causing authorities to master scores of special officers. The strike leaders first were confined at Walsenburg, headquarters of the I. W. W. in the Southern field. Hundreds of miners abandoned their mass meetings on mine properties, known as "legalized picketing," and took up positions in nearby hills and along highways.

Dusk found these camps marked by fires and as darkness settled flares appeared at several points. An occasional rocket was set off. While the meaning of the signals was unknown, officers found all roads leading from Walsenburg were guarded by strikers. At night reports were current that strikers were mobilizing for attack on the jail and liberate their leaders. More deputies were sworn in and armed with riot guns.

Despite the highway patrols, Walsenburg officers succeeded in transferring several prisoners to Pueblo, about 70 miles north. The sheriff at Pueblo mobilized more than 200 deputies to guard the jail.

Authorities declared that they had arrested all the leading I. W. W. organizers in the Walsenburg field.

While picketing stopped in the Southern field, operators in the northern lignite area reported strike activities had increased and that many miners recently returned to work had again walked out.

Governor W. H. Adams who recently took advantage of a state statute to send police of a state district, ordered a score of special officers of Northern points.

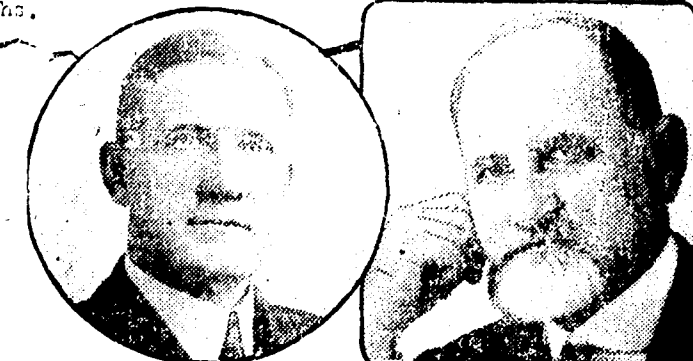

OHIO STRAYS FROM LEADERSHIP SALOON LEAGUE TUESDAY

By Associated Press. Columbus, O., Nov. 9.—Ohio home of the Anti-Saloon League and the scene of an unbroken list of league triumphs in previous years, yesterday for the first time refused to follow the leadership of the dry organization.

The Marshall Justice of the peace bill sponsored by the League which

Honor of being the first entrant in the Better Living Room Contest for Navarro county goes to Mrs. R. P. Garrett of Drane. This contest is open to all of the residents of rural communities in the county and is a part of a statewide campaign sponsored by the Texas A. & M. College Extension service and the Dallas Semi-Weekly Farm News.

A number of prizes are being offered to the winners in the contest, and all entries must be in before December 1 according to Miss Elma Dawson, Navarro County Home Demonstration agent, who is in charge of the campaign to improve and those spending over \$25.

Since the now-famous paragraph reproduced above was blamed for a September break in the cotton market, the department of agriculture has quit forecasting trends of crop prices, but the practice seems likely to be discussed in congress, both by friends and foes. Senator Joseph E. Ransdell of Louisiana (right) is prominent among opponents of the practice. Lloyd S. Tenney (left) heads the bureau from which the forecasts came.

Secretary to explain why price reports were instituted, and other southern political leaders are determined in their opposition to it.

Jardine says the department's object just was to encourage farmers to look ahead, and that to do so intelligently they must have accurate facts concerning prospective production, consumption and price.

"Very few individual farmers," he says, "have in hand the necessary extensive information, or are before others use it to their disadvantage. Nevertheless he indicates that price trends may be announced when reports will have no chance to bear upon the market."

Any attempt to influence congressional sanction of price prediction appears likely to meet organized opposition, and attempts to have the practice barred may be made with United States, are not sufficiently successful. Senator Joseph E. Ransdell, Louisiana, has asked the for themselves.

BELIEVED FEDERAL FUNDS BE FORTHCOMING COMPLETE TEXAS AND LOUISIANA CANAL

By Associated Press. Brownsville, Texas, Nov. 8.—Powerful Congressional interests apparently are favorable to government aid for construction of the intra-coastal canal as indicated by expressions of prominent persons at the annual convention here and at Harlingen of the Intra-Coastal Canal Association of Texas and Louisiana.

At the second session here Tuesday, which moved from Harlingen where the initial meeting was held Monday, Representative John McDuffie of Mobile, member of the Rivers and Harbors Committee, told the delegates that he saw the coming of the day when it would be necessary to more closely coordinate waterways with railroads.

Not only, he said, had railroad building been stepped

RICHLAND BANK ROBBERY SUSPECTS STILL IN JAIL

From Thursday's Daily:

Officers were busy Thursday with the work of getting their data together in connection with the alleged suspects in the robbery of the First State Bank of Richland, Oct. 12, of \$3,905 when three unmasked bandits entered the bank and secured the cash at the point of pistols.

It is likely that the data on the robbery of the bank will be presented to the Navarro county grand jury Monday. The investigators resume their sessions Monday of next week.

C. C. Howe, known as "Shorty" and "Tony" is alleged to have been sent up for murder from Cass county and was reported to have been pardoned by Governor Ferguson in 1917.

Howe is also alleged to have participated in the hijacking of two negro men and two negroes in Bowie, Okla., Oct. 13, according to newspaper clippings at the county attorney's office. It reported that he ransacked the house and was later arrested and identified by the negroes and negroes as the man who held them up. Myrtle Kolb or Myrtle Tracy was also reported to have been with him at the time he was arrested.

At press hour Thursday, Assistant County Attorney C. C. Miller was preparing complaints against H. R. Burton, A. P. Burton, Charles Knox and James Sadler, four men who are now in the Limestone county jail in connection with the alleged robbery of the First State Bank of Tehuacana last Thursday, to be filed for automobile theft in connection with the theft of the automobile belonging to Cliff Mitchell of Pursley.

The car was recovered in Fort Worth when the number of suspects were rounded up last weekend. It is understood that the two men in the county jail, C. C. Howe and Dock Potter, charged with robbery with firearms, will be charged with the theft of an automobile in Limestone county and also in Ringgold.

Clippings from a Groesbeck paper were to the effect that all of the four men held for the Tehuacana bank robbery with the exception of Knox, had confessed. Knox has refused to make a statement.

Howe and Potter have also refused to make statements. The two Indian girls are still being held in the local jail.

HUNTING PARTY RETURNS AFTER GREAT SUCCESS

A party of hunters composed of F. P. McElwath, J. E. Butler, Chas. R. Terry, Clarence Terry, E. E. Babers and C. W. Strance have returned from Rockport where they were guests of Mr. McElwath at his hunting and fishing lodge on the Gulf coast. They report having killed the limit of ducks and geese and also state that both ducks and geese are more plentiful in that section of the State this year than for many years.

ALLEGED ESCAPED CONVICTS ARRESTED BY LOCAL OFFICERS

Two white men, alleged to be Ernest Ezell, alias "Bryant" and "B. Burns," and Curley Miller, were arrested at a local hotel Thursday afternoon shortly after 2 o'clock and were lodged in the Navarro county jail by Deputy Sheriff V. McMurray and Jess C. Speed to be held for Athens officers who were scheduled to come for them late Thursday afternoon.

According to the officers, these two men broke jail at Athens about one year ago while there from the penitentiary at Huntsville for a trial. There was a \$100 reward for the capture of the two men.

Another man was also arrested and jailed for investigation as he was occupying the same room with the two men wanted in Athens.

PRIZES TO RAIN FROM SKIES DURING FALL FESTIVAL WEEK HERE

CHEWING GUM WILL BE RAINED DOWN IN CITY DURING WEEK

FIFTEEN HUNDRED PRIZES RANGING IN VALUE FROM \$5 TO 25 CENTS EACH

There have been cloud bursts of gully washers and down pours that flooded like the proverbial "dogs and cats," but never have there been rains in the history of Navarro County such as will fall during Fall Festival Week when thousands of pieces of Orbit Chewing gum will shower from Charles Pedley's new Travelair airplane.

Along with the chewing gum will be coupons for fifteen hundred prizes given by merchants of Corsicana, valued at from twenty-five cents to five dollars each.

These prize coupons, weighted with Orbit gum will be thrown from the airplane during the daily maneuvers at noon following the big daily parades.

The Chamber of Commerce has made arrangements with W. E. Easterwood Jr. Company, southwestern distributors for Orbit chewing gum, for a large supply of this high class gum.

J. F. Flaiken, manager of Jarrell-Elliott Dry Goods Company, has been made chairman of the aerial prize committee and from early indications the number of prizes given on air coupons will run into hundreds of dollars. It is believed that the merry scramble for these prizes which will be dropped over the downtown area will create more wholesome fun and excitement than anything that has happened in a long time. The prize shower comes from the merchants as a token of their appreciation to their customers of Navarro County.

With the arrival Thursday morning of a heavy shipment of street decorations used during the Dallas State Fair, and two professional decorators, initial activities to put Corsicana in gala dress for the Fall Festival next week are under way.

In handling the main street decorations, Chairman George Baum and his committee will have the co-operation of the Corsicana Fire Department, the Corsicana Power & Light Company, and the Texas Electric Railway. Permission to use the trolley wires of the electric railway system was given the Chamber of Commerce yesterday by Superintendent H. D. Floyd, who explained that his company was always glad to co-operate with the city.

The main street decorations have been purchased from Mr. Debus, veteran Texas decorator who will personally supervise putting them up under the direction of the local committee.

It is the wish of Chairman Baum and his committee that the individual merchants and other business houses will make special plans for brightening up their own places of business.

The eyes of our thousands of readers are at your command.

COTTON TO REIGN SUPREME TUESDAY OF FESTIVAL WEEK

COTTON PARADE WILL BE STAGED AS PART OF FALL FESTIVAL CELEBRATION

Cotton will be king indeed on next Tuesday of Fall Festival Week when the Lions Club will take charge of the huge cotton parade which will be staged under the direction of the Lions committee headed by W. H. Hastings, former Lion President and Superintendent of the Magnolia Refining Company.

This event is a particular tribute to farmers of Navarro County and to the part that cotton production has played in the wealth of the county.

The committee met Tuesday afternoon and developed some of their plans and will hold several conferences this week to work out every detail for a well ordered parade.

Cash prizes will be offered for cotton brought the longest distance, largest number of bales on a truck and wagon; largest farm family on

BIG MATINEE FOR CHILDREN TO OPEN SHRINERS' CIRCUS

ALL CHILDREN OF SCHOOL AGE TO BE ADMITTED AT REDUCED RATES MONDAY

The opening matinee performance of the Bob Morton Circus at the Shrine Circus sponsored by the Navarro County Shrine Club for the benefit of the Hospital for crippled children as the main event of the Fall Festival Week, next Monday afternoon at 3 o'clock will be devoted to the children of the city. The circus belongs to the children and the children belong to the circus, and no one endeavors more to bring joy into the hearts of the youngsters than the stars of the circus arena.

So it is only fitting that the Shrine Club and Bob Morton have made it possible for every child in the city and county to attend the circus by reducing the admission price for all children of school age to the opening matinee and the matinee Tuesday and Wednesday to 15 cents. And this means not only children under 12 years of age, the usual age limit for circuses, but all children that go to the grade or high schools, regardless of their age. The youngsters from the city schools are expected Monday, from the rural schools Tuesday or Wednesday.

The State Orphan's Home and the I. O. O. F. Orphan's Home will also attend one of the circus matinees next week as the guests of the Shrine and Bob Morton. "Little Joe," of the Bob Morton Circus clown alley, will be the star to the orphans. He is the world's smallest funny fellow and one of the Simmons Brothers Midget troupe, making their home at Houston, Texas. Little Joe does not take up much space in the big top, but in comparison to size with his comrades of clown alley, he is a giant applause getter. Joe is only 28 inches in height and weighs only 61 pounds, but he draws a good big salary. When not appearing in Mack Sennett comedies, he tries his fun with the circus fans. And listen, girls, Joe is still a bachelor, but, please, don't rush him to death. He is so bashful!

AUTOMOBILE PARADE ANOTHER FEATURE OF BIG FALL FESTIVAL

WEDNESDAY WILL SEE BIG DECORATED MOTORCADE WIND THROUGH CITY

Getting down to definite arrangements for the big automobile and decorated motorcade parade for the Wednesday Mid-Week feature of Fall Festival Week, Chairman Earl Ellis of the Rotary Committee had a conference of his group at the Chamber of Commerce Wednesday morning.

Dozens of cash prizes will be awarded for the automobile parade which is to be held at 11 o'clock Wednesday, November 16th, as one of the four big parades during the week.

Mr. Ellis said that full details, together with prize lists, would be announced in the next day or so. "We want every organization in town, including the women's organizations, to have one or more cars in the parade. Our invitation is county-wide and we hope that different groups of their own initiative will plan features which will bring credit to themselves and add to the occasion. Those interested are asked to get in touch with me and we shall be glad to assign them a part stated Mr. Ellis.

Other members of the Rotary Committee are Sam J. Jackson, Billy Peck, Jr., Randolph Jackson, Ted Ferguson and Mark DeWitt.

COTTON TO REIGN SUPREME TUESDAY OF FESTIVAL WEEK

COTTON PARADE WILL BE STAGED AS PART OF FALL FESTIVAL CELEBRATION

Cotton will be king indeed on next Tuesday of Fall Festival Week when the Lions Club will take charge of the huge cotton parade which will be staged under the direction of the Lions committee headed by W. H. Hastings, former Lion President and Superintendent of the Magnolia Refining Company.

This event is a particular tribute to farmers of Navarro County and to the part that cotton production has played in the wealth of the county.

The committee met Tuesday afternoon and developed some of their plans and will hold several conferences this week to work out every detail for a well ordered parade.

Cash prizes will be offered for cotton brought the longest distance, largest number of bales on a truck and wagon; largest farm family on

The Long One And The Short One Of It

Eight feet three inches tall and still growing. That's Count Olaf, Norwegian giant, the big man in the picture, who will be here with the Shrine Circus next week, opening a three-days stand at the Baseball Park show grounds Monday afternoon with a big children's matinee. The fellow on the stop ladder is Bloof-Bloof, who attains to a height of about three feet. The giant and the midget are great pals. Bloof is considering a telephone connection with the giant in order to avoid climbing the ladder to engage in confidential talk.

A single vehicle; and for dozens of other features. Farmers from all parts of the county are invited to bring in their cotton that day and share in the entertainment program and to have generally a happy day. Special prizes will be given for the most attractively decorated automobile and truck featuring cotton and cotton products. Prizes will also be given for the largest number of pounds of cotton seed on truck and wagon.

Roaring Dusk to Be Shown at Grand

"Roaring Dusk," a picture of adventure will be shown at the Grand Theatre Wednesday and Thursday of next week. It is said to be a picture of actual scenes taken by a party of explorers in the heart of Africa.

BABIES TO HAVE BIG PART IN FALL FESTIVAL PROGRAM

PERFECT BABY CONTEST TO BE FEATURE WITH VALUABLE PRIZES GIVEN

Even the babies will given a big part in the Fall Festival next week. Under the direction of the Corsicana Public Nursing Board, of which Mrs. C. L. Matthews is chairman, and with the hearty co-operation of members of the Corsicana medical profession, a perfect baby educational examination and contest will be held at the Chamber of Commerce on Friday, Nov. 18.

Fifty-one dollars in cash prizes will be distributed in the three groups. The first group is from six to nine months. The second group is from nine months to 18 months, and the third from 18 months to three years. Prizes in each group will be \$10 for the baby with the highest examination rating, \$5 for the second, and two prizes of \$1.00 each for the next two ranking babies in each group.

The examinations will be held at the Chamber of Commerce Friday morning from 8 to 12 o'clock and from 1 to 4 o'clock in the afternoon.

Through the splendid co-operation of local physicians with the Nursing Board, every baby will be given a careful examination free of cost, which doubtless will mean much to the mother and child even if the baby is not fortunate enough to be in the prize winning group.

The babies will be given most careful attention under the direction of Public Health Nurse Iva Jane Lytle and those co-operating. Every mother in the county is invited to bring in her baby for the examination. Special conveniences will be made at the Chamber of Commerce for the comfort of the mothers and children.

The Nursing Board gives out the following statement in connection with the contest: "No children will be admitted who have severe colds or any contagious diseases. Examinations will be made by eye, ear, nose and throat specialists, doctors and dentists. The judges will be chosen from the various clubs and organizations of the city. The prizes will be awarded from the points made on the numbered score cards. The registration committee would appreciate parents telephoning for an appointment hour in order to eliminate a rush at any time."

MARDI GRAS WILL BE FEATURE FALL FESTIVAL WEEK

Looking to the Mardi Gras which is to feature Thursday night of Corsicana's good will festival, an effort was being made yesterday to arrange for public address amplifiers so that the orchestra music and other features could be heard all over the downtown area.

Plans for this fall festival will be worked out through the joint efforts of the American Legion and the Civitan Club. Thursday night promises to be one of the gayest and most informal affairs of the week. It will be a wholesome expression of fun, frolic and foolishness, with plenty of opportunity for wholesome pranks and entertainment to be shared by grown-ups and children alike.

FULL LINE PERSONAL ENGRAVED CHRISTMAS CARDS on display. Order now.—City Book Store.

AERIAL BOMBS TO WARN PEOPLE RAIN OF PRIZE COUPONS

PILOT CHARLES PEDLEY TO HAVE CHARGE AERIAL FEATURE OF FESTIVAL

In connection with the daily airplane stunt program over the city, a telegraphic order for a number of aerial bombs was sent by the general committee yesterday. Every day at noon as Pilot Charles Pedley swoops over the downtown area, these explosions will notify the crowds below to be on their toes for the rain of chewing gum and prize coupons which will be flooded from the airplane. Fifteen hundred of these coupons will be worth from 25c to \$5 each in prizes given by merchants of Corsicana. There will be some blanks, of course, but at least the holder will get a piece of chewing gum.

Pilot Pedley is counted one of the best aviators in the Southwest and with his new Travelair plane, his noonday exhibits will give the spectators a thrill and the coupons will be worth scrambling for. These coupons are of such a type that they will fall and float so as to give the spectators an equal reasonable chance for the lucky ones.

COMMITTEES FALL FESTIVAL DISCUSS DETAILS OF AFFAIR

PLANS UNDER WAY BY DIFFERENT ORGANIZATIONS TAKING PART FESTIVAL

Harmonizing the dozens of varied features incident to the Fall Festival, President Marks of the Chamber of Commerce had a session of fall committee heads at the Chamber of Commerce Thursday morning at 11 o'clock.

Reports showed that plans were well underway by the Shrine, Rotary, Lions and Civitan clubs, and the American Legion, Public Health Nursing Board, Retail Merchants' Association, and other organizations which are uniting with the Chamber in this community-wide enterprise.

The financing program under the direction of Festive Pierce was rapidly being completed. It was explained.

FLAGS! FLAGS! FLAGS!—City Book Store.

LOCAL OFFICERS CAPTURE AUTO AND 40 GALLONS LIQUOR

While returning from Groesbeck at an early hour Thursday morning, Sheriff W. T. Wilson, Deputy Sheriff Rufus Pevehouse and County Attorney L. J. Woods had a new Ford occupied by two negro boys near Richland. As soon as they had passed, the officers stopped and turned around and started in pursuit. The negroes speeded up and when the officers fired several shots, the negroes abandoned the automobile and took to the darkness, making their getaway. The Ford was confiscated, along with 80 one-half gallons of corn liquor.

The car and whiskey were brought to the Navarro county jail.

TURKEYS ARE RARE BIRDS THIS YEAR; CROP IS SHORTER

TEXAS ONLY STATE THAT HAS INCREASED PRODUCTION OVER LAST YEAR

By Associated Press. Chicago, Nov. 10.—Thanksgiving turkeys are rare birds this year.

The turkey crop is about five per cent smaller than in 1926, the United States department of crops and livestock estimates reported today.

All states east of the Rocky Mountains except Texas show a smaller production than last year, with the largest decrease in the states of the Mississippi river. A cold late spring with excessive rains was blamed.

In Texas, the largest producer of turkeys, this year's crop is 12 per cent larger than 1926. The government bureau predicted that the average quality of young turkeys at Thanksgiving time would be better than those of the last two years.

Trade expands with the warmth of advertising.

ARMISTICE DAY

1891 — 1927

Nine years ago today we were overwhelmed with joy because the Dove of Peace flew over the battlefields of France and stilled the voice of war.

Time has not dulled our memory of those stirring events, nor has the greed of personal gain stifled our heart-felt gratitude for the sacrifice made by our "Boys Over There."

In memory of those who gave their lives for the Supreme cause of Democracy, and that we might honor those who live and walk among us,

AUTOMOBILE PARADE WEDNESDAY WILL BE FESTIVAL FEATURE

ATTRACTIVE PRIZES WILL BE
GIVEN TO WINNERS IN VAR-
IOUS SECTIONS

The committee from the Rotary Club having the automobile parade in charge for next Wednesday in connection with the Fall Festival Week met this morning and definitely decided to offer the following cash prizes for entries in the parade. There will be a committee of judges to pass on the winners of the parade.

For the best decorated private automobile in the parade from the county will be given a cash prize of \$25.

For the best displayed commercial automobile truck of wholesaler, or retailer, will be given \$10 cash.

For best decorated automobile float by any organization of the county, a cash prize of \$25 will be given.

There will also be a clown section in the parade for cash prizes for clown or freak car as follows: Best clown car \$12.50 cash, second prize \$7.50 and third \$5.00.

The parade will begin on the north side of the court house promptly at 10:30 o'clock with the following committee in charge, who are members of the Rotary Club: E. W. Ellis, S. J. Jackson, Billy Peck, Jr., Ted Ferguson, Mark DeWitt, Sidney Breit, Randolph Jackson.

The parade will be free for all and everyone owning an automobile is invited to enter and help make the event a big success.

STATE FRESH WATER DISTRICTS LAW HELD UNCONSTITUTIONAL

By Associated Press.
Austin, Texas, Nov. 9.—State law authorizing creation of "fresh water districts" is unconstitutional, because it would operate in violation of "due process" clauses of Federal and Texas constitutions the Supreme Court held today, reaffirming a former decision.

The Fifth Court of Civil Appeals, Dallas, asked the question for guidance in settling a suit pending in that court, in which the Dallas Arcadia Fresh Water Supply district No. 1 is seeking to force G. A. Matlock to pay taxes assessed by the district against lots he owns.

Inheritance Tax Case.

By Associated Press.
Austin, Texas, Nov. 9.—Submission of the State's appeal from an Appellate Court decision holding the State inheritance tax law unconstitutional was allowed today by the Supreme Court.

J. M. Jones, Lubbock county, is involved with the State in the suit.

FOUR BANDITS ROB BANK OF BETWEEN \$6,000 AND \$8,000

Bangs, Texas, Nov. 9.—Four bandits held up the First State Bank of Bangs, nine miles west of Brownwood, at 9:50 o'clock this morning and escaped with between \$6,000 and \$8,000 after locking four employees and three customers, two of them women, in the vault.

Three men, one of them masked, entered the bank, while the fourth remained in a closed automobile in which they escaped.

The imprisoned employees escaped from the vault within two minutes. No shots were fired, and crowds on the streets were unaware that a robbery had occurred until bank employees gave the alarm.

The bandits were first reported as going toward Trickman, southwest of Bangs, but it was said later that they were headed in the direction of Brownwood.

By Associated Press.
Bangs, Texas, Nov. 9.—Four masked robbers today looted the First State Bank here of approximately \$9,000—all the money in the bank except a single penny—and escaped in an automobile.

About \$6,000 of the money represented the payroll of the Roxana Oil Company, which was being prepared for delivery tomorrow. Only two men entered the bank, one of whom brandished two six-guns. He ordered every one in the bank to enter the vault, while the second man leisurely scooped up all the currency in sight.

A third man was stationed outside the bank doors and the fourth remained in a large car which was parked nearly a block away. The robbers calmly walked out of the bank and entered the automobile. The streets were crowded and many persons saw the robbers enter the bank, but none suspected a robbery.

The bank employees were able to open the vault doors from the inside after the robbers left.

CHRISTMAS CARDS—Make your list now! for personal engraved Christmas cards. ORDER NOW for December delivery.—City Book Store.

MRS. LEON GUYNES REPRESENTATIVE OF LOCAL NEWSPAPERS

The Daily Sun and Semi-Weekly Morning Light are glad to announce that they have added to their circulation department, Mrs. Leon Guynes of this city, who will be one of the field representatives of these papers in the future. Mrs. Guynes is very popular throughout the county, and has many friends who will be glad to learn that she will be connected with these two papers.

Mrs. Guynes will cover the entire county in her canvass for subscriptions to these papers, specializing on securing subscriptions to the Light on the bargain offer of five years for \$3.00 and three years for \$2.00.

Mrs. Guynes began work today making her first visit to Powell, after which she will canvass Koons, Frost, Rice and all other towns of the county, including the villages in other sections.

ANOTHER WITNESS REFUSES TO TESTIFY BEFORE GRAND JURY

By Associated Press.
Washington, Nov. 9.—Another of Harry P. Sinclair's associates, Sheldon Clark, declined today to testify before the grand jury investigating surveillance of the Fall-Sinclair oil conspiracy trial jury.

Clark, who is vice-president and general manager of the Sinclair Refining Company, and whose home is in Chicago, was before the grand jury less than five minutes. He was excused until tomorrow when there will be propounded to him practically the same questions which Henry Mason Day, Sinclair oil official, refused to answer before the grand jury on the ground that it might tend to incriminate him.

Information received at the District Attorney's office was that Clark acted for Day on one or two occasions in receiving reports from the Burns detective who shadowed the ten men and two women on the Fall-Sinclair jury.

Clark declined to make any statement both before and after he appeared before the grand jury, explaining that he could not talk until his examination by that body had been concluded.

After Day refused to testify the grand jury certified the fact to Chief Justice McCoy of the District of Columbia Supreme Court who held that the Sinclair man could not be compelled to become a witness against himself in a case in which he might be involved. A charge of conspiracy to influence the verdict of the jury then was laid jointly against Day and Sinclair before United States Commissioner Turnage and Day was released on \$25,000 bond.

WORK ON HEATING PLANT COURT HOUSE NEARS COMPLETION

Work on the converting of the heating plant of the Navarro county courthouse and jail from a high pressure system to a low pressure system will in all probability be concluded late Wednesday. C. A. Mullins, local plumbing contractor, has charge of the work. It was stated Wednesday morning that a test of the system would be made late Wednesday or Thursday. The cost of the converting of the plant is \$2,700.

After investigation and consultation, the commissioner's court authorized the converting of the plant into a low pressure affair instead of the purchase of a new boiler for the plant as was at first contemplated.

COTTON PARADE TO BE HELD TUESDAY; VALUABLE PRIZES

CASH PRIZES WILL BE GIVEN
FOR VARIOUS FEATURES
IN PARADE

The committee from the Lions Club who will have the cotton parade in charge next Tuesday met Thursday morning and definitely announced the following cash prizes that will be given away during the parade.

To the farmer bringing to town the greatest number of bales of cotton on his wagon will be given \$25.00 cash.

To the farmer bringing to town the greatest exhibition of turkeys on his farm wagon will be given \$15.00 cash.

To the largest white family coming to town in a farm wagon and appearing in the parade will be given a cash prize of \$15.00.

There will also be other additions that will make the parade a success.

Every farmer in the county will be welcome to contest for these cash prizes and help to make the parade a success.

The parade will begin at the Court house promptly at 10:30 o'clock. The committee having part in charge consists of W. H. Hastings, O. M. Boynton, C. A. Tripp, Chas. DeLafosse, R. D. Fleming.

Attention W. O. W.
All Woodmen are urged to be present tonight. Initiation with special features.

ANOTHER PRODUCER IN SHALLOW FIELD CHAMBERS CREEK

Another producer has been added to the shallow production in the Chambers Creek area east of Corsicana with the completion of the Kent-Hardy 18, two locations east of the Magnolia-Hardy B-3. Some difficulty was encountered in setting liner in this well, and work has been going on for some time. Tubing and rods were being installed in the well Tuesday and a test of the well will be made on the pump at once.

The Kent-Hardy 19, one location east and north of the Kent-Hardy 9, the biggest producer in the shallow field has been abandoned as a dry hole.

Building Quality into Used Cars

Unusual facilities for reconditioning automobiles make possible the high value found in our dependable used cars.

In the first place, we can tell exactly what needs to be done to a car without long and expensive experimenting. Our mechanics are thoroughly competent—and, working with special tools, they accomplish a given task in the minimum time. Furthermore, we use only genuine parts for replacement purposes.

As a result, our reconditioned cars simply cannot be matched for value.
